PENSION INCREASE FOR MAN WHO HAS \$5000-A-YEAR JOB

Senate Committee, How-
ever, Eliminates Advance
for Mrs. Quick Who Has
Only \$30 a Month.

LUCKY JOB-HOLDER IS BURSUM'S FRIEND

Increase for Him Is Recom-
mended Because He Is
"Unable to Do Manual
Labor."

By CHARLES G. ROSS.
Chief Washington Correspondent
of the Post-Dispatch.
WASHINGTON, Feb. 11.—Mrs.
Edith L. Quick of St. Louis is the
widow of one of the outstanding
heroes of the World War; she has
an ailment which keeps her from
working; she is therefore wholly
dependent on the \$30 a month al-
lowed her by the Government.
George Curry of El Paso, Tex.,
is a Spanish War pensioner of the
Government; he is drawing \$12 a
month. But Curry is also the
American commissioner on the
American-Mexican Boundary Com-
mission. He receives from the
Government on that account \$5000
a year, which, added to his pen-
sion, gives him an income of \$5144
a year, as compared with Mrs.
Quick's \$30 a year.

There would be no particular
reason for setting out the con-
trasting cases of Mrs. Quick and
Commissioner Curry, were it not
for a report which has just come
from the Pensions Committee of
the Senate relating to a mass of
pension legislation. Both Mrs.
Quick and Curry figure in the re-
port, though it does not identify
Curry as the Boundary Commis-
sioner.

The report recommends that
Mrs. Quick be denied an increase
to \$10 a month, which the House
passed last year. It dismisses Mrs. Quick
in one sentence: "The claimant is
now drawing compensation at the
rate of \$30 a month as a World
War widow, and is only 44 years of
age."

More Money for Curry.
The report recommends that the
pension of George Curry be in-
creased to \$50 a month, because
"he is now physically unable to
earn his living by manual labor."

It is to say, if the recommen-
dations of the Pensions Committee
are accepted, Mrs. Quick will con-
tinue to get \$30 a year from the
Government and Commissioner Curry
will be raised to \$5000.

The report relates that Curry
was a Captain of volunteers in the
Spanish-American War and was
honorably discharged. He was
High Sheriff for Manila, Philippine
Islands, during the insurrection. He
served as Governor of New Mexico
and later as a Congressman from
that State. In August, 1922, he be-
gan receiving a pension of \$12 a
month. He is now 62 years old and
is unable to earn his living "by
manual labor."

For these various reasons the
committee "recommends that
claimant's pension be increased to
\$50 a month."

COOLIDGE'S HOBBY DISCOVERED; IT'S ELECTRICAL HORSE

President Mounts Mechanical
Steed Daily and Rides for
Exercise.

By the Associated Press.
WASHINGTON, Feb. 11.—Presi-
dent Coolidge, often described as a
man without a hobby, really has
one which in a literal sense he does
daily. It is an electrical apparatus
in the nature of a hobby horse, so
arranged that the operator re-
ceives the same exercise he would
if mounted on a spirited hunter.
Set up in the President's dress-
ing room, it is managed by push
buttons, which determine whether
it shall go through the movements
of a canter, a gallop or merely a
trot.
The mechanism recently broke
down, but without accident to its
distinguished rider, and a veteri-
narian in the form of an electrician
was called in to prescribe for it.
Since then it has been going
through its workouts regularly.

BILL WOULD INCREASE STATE INCOME TAX 50 PER CENT

Measure Introduced in House
Also Public Corporation
Franchise Tax.

Special to the Post-Dispatch.
JEFFERSON CITY, Feb. 11.—
Representative George Player of
Osage and E. W. Allison of Maries,
both Democrats, introduced bills
in the House today doubling the
corporate franchise tax and in-
creasing the State income tax 50
per cent. Based on the State Com-
mission estimates of revenue for
the next two years, these two bills
would give the State an additional
\$2,000,000 in revenue in one biennial period.
Player, a friend of Gov. Baker,
is a son of James Y. Player of St.
Louis, who was reappointed by
Baker as one of the Democratic
members of the State Taxation
Board. Allison is floor leader of
the minority.

DRUG PROTOCOL ADOPTED; OPIUM CONFERENCE ADJOURNS

Seven Nations Sign Convention
Which Restricts Hague Pact
—Amended to Suit Japan.

By the Associated Press.
GENEVA, Feb. 11.—The interna-
tional opium conference here ad-
journed finally tonight after adopt-
ing both the protocol and the con-
vention concerning opium smok-
ing. Adoption of the protocol fol-
lowed the insertion of words cal-
culated to satisfy the Japanese
wishes. It reaffirmed the obliga-
tions of the Hague convention and
makes it clear that opium smoking
is merely temporarily permitted.
A conference closed with the
understanding that the Japanese
withdrawal of China, the possi-
bility of her delegations signing would
be left open. Tonight Great Britain,
India, France, Japan, Holland
and Portugal signed the protocol
and the convention with the excep-
tion of the first opium convention.

\$50 FINE GROWS TO \$500

On an appeal from Police Court,
where he was fined \$50 for a traf-

\$60,000 LOSER ON FAKE HORSE RACE HUNTS CLEW HERE

Illinoisian Says Chicago
Swindlers Gave the
Names of St. Louisans as
References.

PUT UP MONEY ON "INSIDE TIP"

Informed He Had Won
\$600,000, Better Called
Next Day and Found
"Headquarters" Empty.

Walter M. Antrim, connected
with a large underwear concern,
and living in Evanston, Chicago's
classic suburb, came to St. Louis
today to look for three men, who
had been named as referees by
three men he met in Chicago. He
found the St. Louis men, all of
whom stand high in business, and
two of whom live in University
City.
But he found also that the St.
Louis men who had named them
as referees. This looked bad. In
fact, it confirmed Antrim's worst
fears. And Chief of Police Ward
of University City, to whom the
visitor told his story, agreed that
it was very unlikely that Antrim
could ever again see the \$600,000
which he confided to the Chicago
men, to bet on a "sure thing" in a
horse race.

Tells Story Reluctantly.

Antrim told his story reluctantly,
hoping apparently that it would
not become known in Evanston.
Where he has church connections
or to his wife, who is now at
Miami, Fla., for the season. He
stopped in St. Louis on his way to
Florida, in the hope of getting a
possible clew here as to the where-
abouts of the men who got his
\$60,000.

He said the three Chicago men
took him to the Hotel Briggs, 188
West Randolph street, in the
Northwestern Station neighborhood,
Jan. 27. In a room of the hotel,
they showed him a blackboard and
telegraph instruments, which
seemed to be ticking busily enough,
though it developed later that
there was no outside telegraph
connection from the room.

"Inside Information."

The men told him they obtained
inside information on the races,
and that they could enable him to
win a bet on a "sure thing." He
bet two small sums, won and re-
ceived his money. Then came the
big "killing."

Antrim was told he could win
\$600,000 by putting one-tenth that
amount on a horse named in "in-
side" information possessed by the
men. He put up his \$60,000 and
was told that he had won, and
would be paid next day.

FLEISCHMANN LEFT \$200,000 TO 'CHARITY OR EDUCATION'

Yeast Magnate's Will Creates Trust
for Benefit of Institution Not
Designated.

By the Associated Press.
MINNEOLA, N. Y., Feb. 11.—A
\$200,000 trust fund for "such char-
itable or educational institutions"
as the trustees may see fit to give
it is established in the will of Ju-
lius Fleischmann, yeast magnate,
died here for probate today. The
bequest was made "with the mere
suggestion that the major portion
of the fund be distributed to chari-
table or educational institutions in
Fleischmann's former home city,
Cincinnati."

The will states that Mrs. Laura
H. Fleischmann, the widow, has al-
ready been amply provided for.
Twenty thousand shares of Fleisch-
mann company common stock are
bequeathed to "certain employees"
of that company, to be distributed
by Max Fleischmann, a brother.
"He understands my wishes,"
says the will.

A bequest of \$100,000 goes to
William M. Fleischmann of New
York City.

London's Daughter Gets Divorce.

don Abbott, was given into the
mother's custody. The differences
between the Abbotts arose over
Mrs. Abbott's desire to retain the
name London and also to give her
child that name, according to the
complaint.

To Appeal From Verdict.

Following a pronouncement of
sentence Weeke, by counsel, an-
nounced his intention of appealing
and the Court set his supersedeas
bond at \$10,000.

The sealed verdict finding Weeke
guilty was voted at 9 o'clock yes-
terday. The severity of the sen-
tence was made possible by the
fact he was charged under the
revenue act instead of the more
lenient Federal act.

Counts upon which he was found guilty and the sentence for each were:

Engaging in the business
of a distiller without giving
bond, two years and \$1000; de-
fending the United States of tax-
es on distilled spirits, two years;
possession of 21,000 gallons of
mash for a business other than
that of a registered distiller, two
years and \$1000; possession of 500
gallons of whisky on which taxes
had not been paid, two years and
\$500; possession of a still not reg-
istered with the Collector of Internal
Revenue, two years and \$1000;
possession of a still not reg-
istered with the Collector of Internal
Revenue, two years and \$1000.

Two Others Freed.

Rudolph Sefer and John Ryan,
employees of Weeke, who were in
the shop on Cave avenue where the
prohibition agents seized stills, mash
and whisky, were freed yesterday
when the Government dismissed
the cases against them because it
had not been able to connect them
with the charges. Some witnesses
said "I have no complaint to make as
far as the case is concerned in this
case." Weeke told reporters
after he had been sentenced, "The
court was fair to me. But I did
get a rotten deal."

"Hank" Weeke, who was constantly in attendance at his brother's trial, was asked what he thought of the verdict. "I don't think," was his reply.

ST. LOUIS-CHICAGO AIR MAIL SERVICE MAY START JULY 1

Postoffice Department Now Nego-
tiating With Robertson Co.,
Congressman Dyer Is Told.

Special to the Post-Dispatch.
WASHINGTON, Feb. 11.—As-
sistant Postmaster-General Paul
Henderson today told Representative
L. C. Dyer of St. Louis that
tentative plans had been made for
the installation of an air mail ser-
vice between St. Louis and Chicago
on July 1.

Under authority conferred by
the recently enacted Kelly bill, the
Post Office Department has been
negotiating with the Robertson
Aircraft Corporation of St. Louis,
which is seeking a contract for the
St. Louis-Chicago service. Hender-
son said that he had obtained the
approval of the Budget Bureau,
and expected to close a contract
with the Robertson company with-
in a few days.

The schedule under considera-
tion calls for mail planes to leave
St. Louis at 6 p. m. and connect
with the transcontinental service
at New York the next morning.

Frenzied Finance Career Brings Motorman \$14,000 In Year and Lot of Trouble

Jerome L. Wootan's Deals
Started When He Bought
Auto — "Dug One Hole
to Fill Another."

Last June Jerome L. Wootan,
motorman on the Hodiadmont line,
bought a Maxwell car priced at
\$700. He made one payment.

When the next one was about due
he got the money by buying jew-
elry from a time payment house
and pawning the jewelry.

To pay the time payment jew-
elry people he started borrowing
money from financial institutions.
After that, it was just a case of
digging one hole to fill up another,
and since the police took charge
of Wootan last Monday they have
learned of transactions involving
more than \$14,000. Forged deeds
of trust, used in borrowing money
from banks, caused his arrest.

Listed Gambling Ventures.

Wootan, who is held at the Desi-
Street Police Station, today made
out a list of all the transactions he
could remember, including several
occasions when he flirted outright
with Lady Luck, always losing.

"Lost \$285 at roulette at Suburban
Garden; lost \$300 gambling at
Wellston Old Hotel; lost \$400 on a
horse; put \$500 on a horse and
lost it; lost \$200 at roulette; were
the items detailing his gambling
ventures. These losses occurred
since Nov. 1 last.

His list of transactions with
banks and business houses has not
been verified fully by inquiry from
those institutions. However, the
police have learned that the West
St. Louis Trust Co. holds one of the
bogus deeds of trust, on which
Wootan says he obtained \$2800;
and that the Broadway Savings
Trust Co. holds another, for a
\$1700 loan.

Wootan's list shows the follow-
ing transactions, since he began his
most complicated operations early
in November:

"Borrowed \$700 from Wellston

ATTEMPT TO KILL CUT-RATE DRUG STORES IS CHARGED

Kansas City Attorney At-
tacks Legislation Which
Would Limit Ownership
to Pharmacists.

SPONSORS SAY IT IS TO BAN BOOTLEGGER

Measures Introduced in
Legislature at Request of
St. Louis Retail Drug-
gists.

By the Jefferson City Correspond-
ent of the Post-Dispatch.

JEFFERSON CITY, Feb. 11.—
Charges that a series of bills pend-
ing in the Legislature, which would
permit only registered pharmacists
to own and operate drug stores, in
reality were designed to put so-
called cut-rate drug stores out of
business in St. Louis and Kansas
City were made by M. L. Friedman,
Kansas City attorney, in a hearing
last night before the House Com-
mittee on Criminal Jurisprudence.

Friedman asserted that the
claims of druggists sponsoring the
bills that they were intended to
prevent bootleggers from getting
into the drug store business was a
disguise for the bill. He charged
the purpose of the bills was to
drive from business the large cut-
rate stores, most of which, he
said, were owned and managed by
men who were not registered phar-
macists.

The bills were introduced by
Representative E. G. Davidson of
St. Louis, at the request of the St.
Louis Retail Druggists' Associa-
tion, and other druggists of the
State. Former Prosecuting Attor-
ney Ernest F. Oakley of St. Louis
is here lobbying for the bill.

Denies Funds Were Raised.
Question put by members of
the committee to proponents of the
bill as to whether funds had been
raised by the druggists to put the
bills through the Legislature
brought an emphatic denial from
Davidson, also a member of the
committee.

"I'm getting tired of hearing
about slush funds," Davidson
shouted. "They say I got \$1700

BILLS TO INCREASE PENALTIES IN BANK FRAUDS HELD UP

Missouri Bankers' Program to Better Safeguard the Depositors Hits Snag in State Senate.

NINE MEASURES TO INFORMAL CALENDAR

Opposition, in Addition to Contending Present Laws Are Adequate, Assails Policy of Committee.

By CURTIS A. BETTS, Staff Correspondent of the Post-Dispatch.

JEFFERSON CITY, Feb. 11.—Opposition to a group of the bills fostered by the Missouri Bankers' Association, to make more severe the penalties for violations of law by bank employees, is threatening the success of part of the program intended to increase protection for depositors in banks.

Senator Brownlee, chairman of the Banking Committee, was forced to retreat to the informal calendar with nine of the measures yesterday, when the strength of opposition developed an uncertainty as to whether the bills could go to engrossment. They may be called up at any time from this calendar and Brownlee expects the difficulty to be ironed out within a few days.

Call Present Laws Adequate. The opposition came principally from Senator Pickett of Trenton, Republican floor leader, and from Senator Summers of Kansas City. About the only objection they offered was that the offenses covered by the bills were adequately taken care of in the present law, and that there was no occasion for additional legislation, but in the debate there came from Pickett a suggestion that there had been irregularity in getting the bills from the committee on Criminal Jurisprudence. This intimation, more than any argument advanced against the bills, appeared to be responsible for the tangle which resulted from the debate, and which induced Brownlee to withdraw his motion for their engrossment.

Senator Brookshire, chairman of the committee on Criminal Jurisprudence, denied there had been irregularity in the committee's favorable report on the measures. He said that at a first meeting, attended by only six Senators, the decision had been for an unfavorable report, but that this report was reconsidered at a later meeting at which Finance Commissioner Millspaugh and former Finance Commissioner Hughes were heard, and the favorable report voted. Pickett and Summers said they had not been notified of the later meeting, but Brookshire insisted they had been.

Bills Affected by Dispute. The bills involved in the controversy are:

Providing a penalty of imprisonment for one year or a fine of not to exceed \$500 for a bank director concurring in the payment of dividends from any source other than net profits.

Providing a similar penalty for any active officer of a bank who borrowed its funds.

Assessing a penalty of imprisonment for one year for any bank officer or employee who accepted a personal commission for making a loan of a bank's funds.

Fixing a penalty of imprisonment for from two to five years, or in jail for not to exceed one year for making a false statement under oath to a bank examiner.

Imprisonment for one year for any officer concealing from the directors any loan.

Imprisonment in the penitentiary for from two to five years, or in jail for not to exceed one year for making a false entry in the books.

Increasing the penalty from a jail sentence to from two to five years in the penitentiary for failure to make the legally required bank statement to the State Finance Department, or for making a false statement. A similar bill applying to trust companies was included.

ADMITTS HE WAS STRAW PRESIDENT FOR UFLAND FIRM

Thomas A. Knobloch Questioned About National Jewelry Co., at Bankruptcy Hearing.

"WROTE THE CHECKS WHEN HE WAS TOLD"

Employer Disappeared Leaving Creditors With Claims in Excess of \$600,000.

By CURTIS A. BETTS, Staff Correspondent of the Post-Dispatch.

More light was shed yesterday on the operations here of Jacob Underwood Ufland, owner of the National Jewelry Co., Arcade Building, and the National Jewelry Co., New York, which went into bankruptcy last November, after Ufland disappeared.

Creditors with claims in excess of \$600,000 are anxious to find Ufland. The failure of his two companies was followed by bankruptcy suits against three other jewelry firms here.

Did He Was Told. Had he asked questions of Ufland, Thomas A. Knobloch, nominal president of the National Jewelry Co., might have known more about the firm. But he asked no questions. He did as he was told and wrote checks when he was told.

In a hearing before Referee in Bankruptcy Coles, Knobloch admitted he was somewhat of a "straw man" for "Jack" Ufland, as he called his employer. He admitted his sister, Mrs. Virginia K. Rayhill, nominal secretary of the firm, was also a "straw." In fact, it seemed Joe Knobloch, in office here, was one of the few employees who were not "straws." Joe and Mrs. Rayhill were waiting to testify yesterday, but Knobloch's examination was not completed.

The National Silver Co. (now the National Jewelry Co.) was incorporated in Missouri in July, 1923, with authorized capital stock of \$21,000. Ufland was the owner, but his name did not appear as an incorporator, his wife, Louise, who has since divorced him, and Knobloch being listed as officers.

Sold Half Interest. In November, 1923, Ufland contracted to sell Knobloch a half interest in the company, Knobloch paying \$2000 cash and \$7500 in notes, the latter to be paid in profits from the company. There were no profits, so far as Knobloch was concerned, and the notes are outstanding.

Ufland did not wish his connection with the National to become known, for "banking reasons," and would not sign checks, leaving that to Knobloch. Ufland had a big safe in his office and he spent considerable time there.

Loose diamonds and platinumware and other valuables were placed by Ufland in his safe, to which he alone had the combination. Watches and ordinary jewelry were kept on the shelves. When Ufland went away he left the safe open—and empty. From \$10,000 to \$15,000 worth of goods should have been there, Knobloch said.

When payments of diamonds and platinumware were involved to the National company, Knobloch in some cases had to accept Ufland's word that they had been received, as Ufland let the others receive only the cheaper stuff.

Knobloch, in reply to a question, admitted it was possible Ufland might have said goods were received when they were not.

"Would Show Invoice." "He would show me the invoice and tell me or the bookkeeper to make out a check, and I was supposed to sign the check, and I did," Knobloch explained.

"What he said was the law?" asked Referee Coles.

"It had to be; he was the boss." Telling of Ufland's disappearance, about Nov. 13, Knobloch said Ufland appeared at the company's office in the morning as usual, and gave orders as usual. One of the orders was for Knobloch to drive Ufland's Buick sedan to Union Station and have it expressed to his New York address.

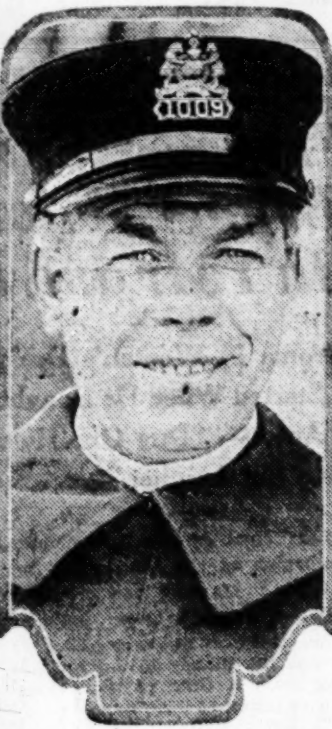

Ufland's father, William, who had been in St. Louis four days visiting his son, accompanied Knobloch.

Left Wife and Child. Knobloch saw the younger Ufland get on a train for New York and he hasn't seen him since. Ufland left here his wife, who obtained a divorce in a few days, and their infant child. Mrs. Ufland is a daughter of Jacob Bulova, millionaire watch manufacturer of New York.

A few days elapsed and Knobloch took a train to New York to notify Ufland he had resigned as president, and to buy \$5000 worth of jewelry on his own account for the Christmas trade here. Finding Ufland missing and the various jewelry concerns facing bankruptcy so discouraged Knobloch that he returned to St. Louis with his \$5000 cashier's check and no jewelry.

Although he did not ask questions, Knobloch began to notice months before Ufland disappeared that all was not well. Ufland had interests in several jewelry firms and he was apt to order Knobloch to draw a check on No. 1, the Na-

ARRESTS WIFE WHO BEAT HIM ON STREET

Policeman Weidenhoffer Was "Directing" Woman Who Also Got Clubbing.

"It never rains but it pours," thought Traffic Officer Emil Weidenhoffer of the East St. Louis police force, during the downpour at 3:30 p. m. yesterday, when, after being relieved, he sought shelter in a doorway at the southeast corner of Collinsville and Missouri avenues, the city's busiest intersection, where he directs traffic.

And pour it did. For, interrupting a conversation which the officer was holding with a woman there, Mrs. Frieda Weidenhoffer poured invectives upon him and rained blows without favor on both.

The woman fled in dismay, but Weidenhoffer arrested his wife and charged her with "disorderly conduct." He left her at the station in a cell, but, after an hour, when no bondsmen appeared, she was released by order of Chief Barry.

The policeman's report of the arrest reads that he was directing a woman, who asked about a Belleville car, when his wife appeared and "started hitting the policeman." He grabbed her by the arm and she started kicking and biting him.

The subduing process continued along the fronts of several stores, when an assistant offered his car, into which the officer assisted his wife. The kicking and biting continued on the way to the station. A crowd was there, and the club lay on the sidewalk, broken in the middle.

At the station, Mrs. Weidenhoffer, who is 23 years old, said she knew the woman and that she had been watching her husband "giving car directions for a half hour."

The Weidenhoffers live at 1923 North Eleventh street, East St. Louis, have been married 12 years, and have three children, 2, 4 and 8 years old. Weidenhoffer has been on the force a year and has a good record, Chief Barry said.

tional, to pay No. 2 for goods shipped by No. 2 to No. 1. As Knobloch phrased it, the business was being conducted contrary to his "ideas or principles, or whatever you want to call them."

Besides, Knobloch had talked to Mrs. Ufland and she told him of her divorce action and some other things concerning Ufland. And, besides, in the last three or four months, Ufland was hard to understand—"he was so erratic and nervous and always in a hurry."

The witness was asked if the \$5000 check which he took to New York represented any of the company funds. He said it did not.

He was asked why he had retained attorneys to represent him personally, and if there was "any particular significance" to his retention. He replied that Morris Singer, 513 Pine street, a Jeweler, advised him to file a voluntary petition in bankruptcy, listing \$105,000 liabilities, after Ufland's disappearance.

Singer accompanied him to Singer's attorney's office, and they had a discussion.

"Did Singer say, 'We'd better all stick together'?"

"Something like that."

Other Firms Affected. Other jewelry firms whose failures were attributed to Ufland were the Traus Jewelry Co. and the Rose Jewelry Co. Jack Traus and Herman Rosenthal of these firms, and Singer were frequent visitors to Ufland's office, according to Knobloch.

Knobloch and Mrs. Rayhill were formerly employees of the St. Louis office of the Milton Watch Co. when Ufland was its manager. This office later was closed, its assets being acquired by the National Co., which began as a retail business and ended as a wholesale jobber in the Arcade Building.

POLICEMAN'S EYES OPEN; 5 HELD FOR HOLDUP ON CAR

'Smiling' Sanders Gets Tip While Walking His Beat, Before He Is Notified of \$7600 Robbery.

TWO IDENTIFIED BY THE CONDUCTOR

Four Men and One Woman Arrested After \$3680 and Bank Messenger's Satchel Are Found in Apartment.

By CURTIS A. BETTS, Staff Correspondent of the Post-Dispatch.

Patrolman Louis Sanders—"Smiling Sanders" as his fellow officers know him—was walking his beat yesterday morning, half an hour after a bank messenger had been slugged and robbed of \$7600 cash on a crowded Hodiakmont car. He saw two men, with a satchel, jump from the running board of an automobile in the rear of the Rappahannock Apartments and run into an entrance at 729 Clara avenue.

Sanders merely made a mental note. He had not heard of the robbery a few blocks away. Then things began to happen. Sanders was sent over to talk to women and me with a club. I led a squad of policemen, armed with riot guns, in a raid on the Clara avenue apartment.

Hunt for Owner of Auto. As a result, less than an hour after the robbery, the police captured two men and recovered \$3680 cash and stolen checks aggregating more than \$14,000. Before night two more men and a woman were under arrest and later the automobile was found and a search begun for its missing owner.

The prisoners include Edward O'Brien, 21 years old, a laborer, and William O'Brien, 29, a motorbus driver, who were in the third floor apartment when the robbery entered. The others are Edward O'Brien's wife, Margaret, and two men, who were arrested as they entered the flat, by detectives secreted within. Today the O'Briens, who are not related, were identified by the conductor of the car as two of the robbers.

Fled From Scene in Auto. According to the conductor, George Spencer, the O'Briens boarded the car at Catalpa avenue and the third robber at Goodfellow avenue, where they were drawn and the robbery executed in less than a minute. Edward O'Brien, the conductor said, sat behind Joseph Williams, negro messenger for the State Bank of Weillston, and proceeded to rain blows on his head with a revolver and snatch away the messenger's revolver and holster. Another robber intimidated the passengers while he seized Williams' satchel, and the third took a position behind the motorman and made him keep the car in motion. At Clara way, the three jumped off the rear end and ran to the house outside, where they were seen boarding the automobile.

When police reached the O'Brien apartment, "Smiling" Sanders recognized William O'Brien immediately when he opened the door. Edward was seated in a chair reading a newspaper account of the holdup. The money was found hidden in a trunk. Williams' satchel was in a corner and his revolver in the sound box of a phonograph.

Each of the prisoners taken in the apartment had a considerable sum of money on his person, but the police think the O'Briens were the only ones active in the robbery. The third robber is the one who owns the automobile, they believe.

A tell-tale slip of paper caused the police to believe that five men were to share in the loot. On it were the figures "5000," multiplied by 10 per cent and the balance divided by five. The O'Briens denied all knowledge of the holdup. They were asleep, they said, and were awakened by the police knocking. The evidence must have been "planted" while they slept, they said.

Williams, the messenger, suffered severe lacerations and bruises and when he was taken from the car at Belt avenue it was necessary for a physician to take 20 stitches in one cut. He insisted, however, on telephoning to his employers before he was treated.

Police Captain Wounded. Capt. Charles Maupin, Page Boulevard District also suffered an unfortunate injury as a result of the robbery. He was shot accidentally with a riot gun while riding in the apartment in a patrol wagon with the prisoners. The weapon slipped from the car as it turned the corner at Cabanne and Clara avenues and was discharged as it struck the outside step. Maupin was taken to St. Luke's Hospital with nine buckshot wounds in the left thigh.

of its report to the "remarkable service" of Marine Sergeant Quick, Gen. Lejeune, commandant of the Marines, was quoted as having said that Quick was "the greatest marine that ever served in the navy," that he excelled all others in citations for bravery and had repeatedly refused a commission. He was entitled to wear any number of campaign badges and medals, including that highest of all American military decorations—the Congressional Medal of Honor. His character, the committee said, was found to have been excellent.

Mrs. Quick's Manager Income. Regarding Mrs. Quick, the House Committee said: "She was married to the marine Dec. 31, 1914, and lived with him till his death. She is drawing \$30 per month compensation. She owns no property other than two Treasury certificates worth \$160. Her only income is \$300 per year compensation, and no child or relative contributes to her support. A physician states that Mrs. Quick is suffering from an ailment that prevents her from following her occupation as a press feeder. The allowance of a pension of \$50 a month is recommended in lieu of the compensation that she is now receiving."

Thus the House Committee on Pensions. But the Bureau Committee of the Senate says no. Commissioner Curry of the Boundary Commission is quoted as saying that Mrs. Quick is merely a World War widow. She is only 44, the committee says, and is well able to go out and make her living.

Not only did Dr. Molin attempt to collect insurance on diamonds that were not stolen, but he persuaded Crinlan, the latter's statement says, to take out life insurance with a view to collecting the policies by "identifying" bodies to be obtained at an undertaking establishment here as "Mr. and Mrs. R. Fox."

A maid employed at the Molin home, one Mary Gilbo, also was insured for \$10,000, Crinlan told police. These \$10,000 policies were written by one of the younger Molins, according to this statement, while Dr. Molin arranged for the medical examination of the applicant.

Crinlan began to fear for his life and that of his wife, he said, when the Molins insisted on their eating dinner with them frequently. Each dinner party was followed by a spell of sickness, he explained, and he began to distrust the sincerity of Molin's offer to let

him and his wife share in the profits of the proposed "frame-up" deaths.

Molin obtained his signature to the false affidavit in Detroit, Crinlan's statement alleges, by threats of prosecution on a charge of passing worthless checks.

In connection with the Molins' arrest police announced they planned to make a search here for \$200,000 in diamonds said to be missing since the reported holdup of a diamond salesman in Detroit last year. The Molins have four safety deposit boxes in Los Angeles banks, they said.

The first phase of the inquiry will relate to property of Washington University. Chouteau said information will be sought concerning all tax-exempt property in the name of the university which is not on the campus or immediately adjacent to the university, and not being used for university work.

Chouteau said the committee would go into the transfers of property to the university, on which mortgages are held by individuals or corporations other than the university. The committee also will make inquiry concerning property turned over to the university, on which the university is paying taxes, Chouteau said.

After being a local outlaw for four months in Pemiscot County, Hammie Shane, escaped inmate of the St. Louis City Sanitarium, was killed by a Sheriff's posse at Hayti, Mo., yesterday afternoon.

He was buried this afternoon at Caruthersville, the county seat, the eight men who besieged and killed him yesterday acting as pallbearers. There were curious onlookers, but no mourners. Shane is said to have had no relative in the country since he killed his cousin in St. Louis, a year and a half ago.

Shane walked out of a Justice Court near Caruthersville last October, flourishing a rifle and declaring, "That is my bond." He had been arraigned there on a liquor selling charge. Since that time, local officers have made a few attempts to capture him. The enterprise was a dangerous one, as Shane had an automatic rifle and two pistols. Sheriff J. Ham fired two shots at him in a recent encounter, but Shane was not wounded, and he boasted afterward that he was wearing a bullet-proof vest.

Yesterday the Sheriff and seven men went to the frame dwelling of El Baird, where Shane lived, and ordered all the occupants out. All left but Shane. Baird was then sent back, to tell Shane that if he did not surrender, the house would be fired upon, and would be burned if necessary.

Shane's reply was that he would die before he would surrender. He appeared at the window, and began firing his automatic rifle. When the officers fired at the window, he retired out of range, and his next shots were fired through the wall of the house. In all, the officers say, Shane fired 56 rounds from his rifle.

INSURANCE FRAUD PLOT CHARGED

Rich Detroiters and Sons Arrested in Los Angeles in Connection With Fake Robbery.

By the Associated Press. LOS ANGELES, Cal., Feb. 11.—Dr. Samuel B. Molin, wealthy Detroit (Mich.) dentist and politician, and his two sons, Harry and Fred, were arrested on fugitive warrants here today charging them with conspiracy to defraud a Detroit insurance company by staging a "fake" diamond burglary. They also are wanted in Michigan City, detectives said, for questioning concerning a \$400,000 robbery there. They will resist extradition.

The conspiracy charge against the Molins is based to a large extent on the affidavit of R. L. Crinlan, alias R. L. Fox, who alleged that Dr. Molin coerced him into signing a false affidavit in Detroit, in which he affirmed that the diamond burglary was genuine.

Not only did Dr. Molin attempt to collect insurance on diamonds that were not stolen, but he persuaded Crinlan, the latter's statement says, to take out life insurance with a view to collecting the policies by "identifying" bodies to be obtained at an undertaking establishment here as "Mr. and Mrs. R. By the Jefferson City Correspondent of the Post-Dispatch.
JEFFERSON CITY, Feb. 11.—Appointment of a special House investigating committee to conduct an inquiry into tax evasions in St. Louis, and the amount of "hidden wealth" not on the tax books there, was announced last night by Speaker Jones Parker of St. Louis. Representative Henri Chouteau, Republican, of St. Louis, who introduced a resolution in the House calling for appointment of the committee, was named chairman. The other members are William R. Schneider of St. Louis, Republican, and E. W. Allison, Democrat, of Maries County. Under the resolution Speaker Parker is an ex-officio member of the committee.

Chouteau said the committee probably would start its work Friday morning in St. Louis. The meeting place for the committee was not selected. KILLING PROVIDES REAL TRAGEDY AT MOVIE THEATER

Young Man Fatally Shot,
Brother and Girl Wounded,
by Manager of the
Showhouse.

SHOOTING FOLLOWS AN ARGUMENT

Slayer Says He Fired in
Self-Defense, Having Remonstrated With Group
for Creating Disturbance.

A double-feature program was the attraction for movie fans at the Lowell Theater last night. A society drama and a virile melodrama—both for the price of one. Besides, there were other films, and selections by the orchestra.

At 7:30 o'clock two shots—real shots—distracted the audience of 200 men, women and children from "Vanity's Price," the society drama. The orchestra members forsook their piano and violin. The film projection ceased. Lights flashed on. Women fainted. Men ran up and down the aisles. Children cried.

Three Persons Shot.
A man had been killed. Another man and a girl had been wounded. Police were summoned and arrested principals and witnesses to the shooting. The movie show was over for the night, without "The Recoil" being screened. A true life show had begun, with police and a Coroner's jury in the cast.

The man killed was Elroy Finkle, 21 years old, of 4614 Bulwer avenue. His brother, Edwin, 19, was wounded in the right leg and their friend, Miss Fern Rolens, 18, of 5015 North Broadway, in the right hand. The bullets were fired by Steve Chulick, 23, owner and manager of the theater, which is at the southwest corner of Broadway and De Soto street.

The shooting varied, with the shooting varied. Witnesses agreed, however, that Manager Chulick and his brother, Peter, an usher, had spoken to Finkle and others near him and an argument ensued, followed by blows, then shots. Finkle died immediately, a bullet having pierced his heart.

Claims Self-Defense.
Steve Chulick said he shot in self-defense and his brother corroborated him. Edwin Finkle said Miss Rolens asserted there was no occasion for firearms. Steve Chulick's wife, Josephine, was in the box office and did not see the fight.

Steve Chulick purchased the theater about a month ago with savings and has been trying to conduct it as an orderly, family house. Thursday night, however, Finkle and three others created a disturbance by whistling and stamping and were ejected, their money being refunded.

He entered about 7 o'clock last night and the Chulicks reminded him he was unwelcome, and he went to his seat. Loud and unusual noises were soon heard. Steve Chulick warned Finkle and his "bunch" to be quiet or to leave. Their reply was profane, and he went to the box office for his automatic pistol. He returned to find his brother, who had repeated the warning, engaged in a fight with Finkle. When Steve went to his brother's aid he was set upon by Finkle and others, and fired in self-defense, he said. One bullet killed Elroy Finkle and the other wounded his brother and Miss Rolens, who were close by.

Wife of Man Fainted.
Mrs. Helen Finkle, 21-year-old wife of the slain man was in the theater with her mother, Mrs. Sophie Torjesky, 4607 Bulwer, and she fainted in the excitement. She did not know until later that her husband had been killed.

Finkle was shot in the right foot in April, 1921, by a railroad detective who caught him attempting to enter a freight car, and his foot was amputated later. On his plea of guilty to attempted burglary, he was sentenced to two years in Booneville reformatory, but paroled on his plea that he had been sufficiently punished through the loss of his foot.

NEGRO KLAN IS FORMED

By the Associated Press.
MUNCIE, Ind., Feb. 11.—Formation of a negro Klan organization to be known as the Abraham Lincoln Auxiliary to the Independent Klan of America is announced headquarters of the later organization, which is headquartered in Atlanta, Ga. The objects, as pointed out in the negro organization's "national code," are "to unite in fraternal bonds Afro-American citizens who owe no allegiance of any nature or degree to any foreign government, institution, ruler, person or people, to promote love for our country; to safeguard the sanctity of women; to so live and conduct ourselves that racial purity will be perpetuated on earth."

The Jury in Trial of Bobbed Hair Question

The jury: Back row, left to right: Mrs. R. W. Erwin, Mrs. Ludlow Maury, Mrs. Charles E. Goltz, Miss Margaret Dittmann, Miss Adele Reiss, Miss Artie Walters. (all bobbed).

Sentenced to Marry a Girl With Bobbed Hair

Member of Improvement Association Is Defendant in Mock Trial, With Jury of Six Women.

To bob or not to bob—that isn't a question at all.

At least the subject of bobbed hair wasn't much of a question last night at a meeting of the Carondelet Improvement Association, in which one of its members was tried before a mock court on a charge of saying "women have no right to bob their hair." The court sat in the Carondelet Branch Library, 6500 Michigan avenue.

It was all well for Lawrence McDaniel, counsel for the wretched defendant, to cry out, with mock tears welling up in his eyes, that women had usurped man's last sacred when they invaded the barber shop.

It was entertaining to hear Charles M. Hay, the Prosecuting Attorney, rise to an impassioned defense of bobbed hair, while Circuit Judge Percy, on the bench, tried to screw his face up into a judicial frown and smile at the jury at the same time.

Women Neutral to Last.
But the women on the jury, three bobbed and three unbobbed, maintained their neutrality to the last. Their faces told the audience that bobbed hair wasn't a question at all, any more than short skirts, left turns or how do you like your eggs. Each one on the jury had made up her mind on bobbed hair as on the other questions, but each was prepared to see justice in the views of the others.

The Poor Defendant.
Alfred J. Michel, of 712 S. South Broadway, the defendant, stopped most of the verbal shots of counsel with various parts of his anatomy and was under fire so constantly that one resolved never, no never, to be a defendant in such a vital case.

The verdict was probably commensurate with his offense. The jury ordered that the defendant, a more or less confirmed bachelor, marry a bobbed-haired girl within 60 days.

WEDNESDAY CLUB WON'T LET
MRS. ROMBAUER QUIT AS HEAD
She Will Accompany Husband to Europe for His Health, but Retain Presidency.
The recommendation of the executive committee of the Wednesday club that the resignation of its president, Mrs. Edgar R. Rombauer, 3803 Flad avenue, be accepted, was refused at a special business meeting of the club today. No sentiment for adopting the committee report was shown at the meeting and no objection to its refusal was made.

Mrs. Rombauer offered her resignation in view of her plans to accompany her husband on an indefinite European tour prescribed by his physician. Her term expires May 9.

Members voiced their opinions that Mrs. Rombauer's absence would not necessitate her giving up her office. Mrs. W. C. Rumsey, 518 Providence street, Webster Groves, is first vice president and will head the club in Mrs. Rombauer's absence.

Members of the executive committee explained that their action in accepting the resignation was out of deference to the president and her work in behalf of the club, believing that her wishes should be considered. They expressed gratification that Mrs. Rombauer would continue to be known as president.

RETAILERS TO CLOSE SESSION WITH BANQUET

Merchants From 41 States Will Be Guests of Advertising Club Tonight.

The third annual educational meeting and "move-more-merchandise" conference of the American Retailers' Association and the Advertising Club of St. Louis, attended by more than 200 delegates from 41 states, will end tonight with a banquet at Hotel Statler, at which the retailers will be guests of the Advertising Club.

L. G. Boone of Elkton, Ky., association president, will preside and present greetings from the organization. Mayor Kiel will deliver an address of welcome and R. Fuller (on Place, president of the Advertising Club, will represent his organization. An address on "Commerce and Finance" will be delivered by Theodore H. Price of New York, editor of Commerce and Finance.

The final session of the conference will be opened this afternoon with a lecture on "A Service Station for Retailers," by W. Leonard Thompson, assistant chief of the domestic commerce division of the United States Department of Commerce. His talk will deal with the work of his department, designed to co-operate with retailers in the solution of general problems.

The R. R. Rev. James E. Freeman of Washington, D. C., describing "The First Line of Defense" as the unification of business, to be accomplished by organization and co-operation, was the principal speaker at the opening session yesterday.

James W. Fisk, merchandising counsel for the Milwaukee (Wis.) Journal, pointed out methods of "Making More Money in Retailing" through strict attention to fundamentals. Other speakers were R. T. Whitnall, Topeka, Kan.; S. P. Preston, Gillespie, Ill.; E. U. Berdahl, secretary-treasurer of the South Dakota Retail Merchants' Association; R. C. Dolbin, Dallas, Tex.; and J. Willmann Jr. of Hannibal, Mo.

Members voiced their opinions that Mrs. Rombauer's absence would not necessitate her giving up her office. Mrs. W. C. Rumsey, 518 Providence street, Webster Groves, is first vice president and will head the club in Mrs. Rombauer's absence.

Members of the executive committee explained that their action in accepting the resignation was out of deference to the president and her work in behalf of the club, believing that her wishes should be considered. They expressed gratification that Mrs. Rombauer would continue to be known as president.

Trainers Will Meet in Cleveland.
CLEVELAND, Feb. 10.—The 1925 triennial convention of the Brotherhood of Railroad Trainmen will be held in Cleveland, commencing Tuesday, May 12, instead of Hollywood, Fla., a Brotherhood bulletin announces. The Ladies' Auxiliary will meet here at the same time. The last triennial convention selected the Florida city, but the membership desired a more central location and Cleveland was designated.

\$26,170 CUT IN PAVING AS BIDS ARE REJECTED

Board of Public Service Action Forces Total Cost Below City's Estimate.

By rejecting previous bids for paving six streets, in some cases after two rejections, the Board of Public Service has forced a cut of \$26,170 in the cost of the work, bringing the total cost below the city's estimate.

Rejected low bids totaled \$184,004. Low bids received yesterday, which probably will be accepted, aggregated \$157,834. The estimate was \$165,000.

Four bidders made offers on most of these jobs, including two who have not been active in city paving work of late. It was noted that the high bidder in all but one job was the Webb-Kunze Construction Co., while the Webb-Kunze Construction Co. was low bidder on two. It is understood at City Hall that a man named Boone is superintendent for the Webb-Kunze concern.

\$36,055 for Delmar Job.
Webb-Kunze was low bidder for the repaving of Delmar boulevard, between Clara and Hamilton avenues, with asphalt and concrete gutters, with a bid of \$36,055. The estimate was \$43,600 and previously the lowest bid had been \$50,000. City officials believe the \$14,000 cut in price was due to a proposal that the city would do the asphalt surfacing itself, thereby allowing contractors who do not have asphalt plants to bid. However, the successful bidder, Boone, said that, underbid those who have not.

Webb-Kunze was low bidder for asphalt on Tennessee avenue, between Bates and Elcheberger, bidding \$13,280 against a \$14,000 estimate, and for asphaltic concrete on Bancroft avenue, between Mack and a point west of Brannon, bidding \$11,628 against a \$12,100 estimate.

Trinidad Asphalt Manufacturing Co. bid \$18,647 for asphalt on Francis street, between Easton and Cass (estimate \$18,200). Two of the jobs, a "or Willite paving, a patented material which has figures in pre. Re. Resumes of paving costs. The bids, by the Central Paving and Construction Co., were somewhat above the estimates. For Fyler avenue, between Watson and Ivanhoe, it bid \$24,204 (\$23,200 estimate) and for St. Louis avenue, between Broadway and Fifteenth, \$42,991 (\$43,200 estimate).

There is to be a letting by the Board of Public Service next Tuesday for Willite paving for the new Fourteenth street viaduct. President Kinsey of the board announced that the Central company had agreed to bid an exceptionally low amount for advertising purposes, since it expects traffic over the viaduct will prove the wearing qualities of its material.

Bids received for the first time for the repaving of six other asphalt paving jobs aggregated \$122,929, or \$371 below the estimates. Webb-Kunze was low bidder on three of them, as follows: Theodore avenue, between Thrush and Midland, \$51,618; Montana avenue, between Grand and Giles, \$13,362;

ELECTION RESULTS GIVEN FINAL ATTEST OF CONGRESS

House and Senate Tellers Open Electoral Ballot Boxes and Announce Vote.

By the Associated Press.
WASHINGTON, Feb. 11.—The results of the November election received the final attest of Congress today "in joint convention assembled."

The statement by Senate President Pro Tempore Cummins that the count of electoral votes showed Calvin Coolidge of Massachusetts and Charles G. Dawes of Illinois, to have been elected, and the entering of the ballots in the journal of the Houses, closed the political contest in accordance with Constitutional requirements.

Barely half an hour was set aside for the ceremony. Pursuant to a concurrent resolution for the joint assembly, the Senate marched to the House chamber, preceded by the sergeant-at-arms and accompanied by pages carrying the electoral votes in locked boxes. Senator Cummins presided with Speaker Gillett on the dais at his left.

After formal announcement from the chair of the purpose of the meeting, tellers for the House and Senate took charge of the ballots, opening the envelopes in alphabetical order. The result was announced as follows:

Whole number of votes cast for President, 531; Calvin Coolidge of Massachusetts, 521 votes; John W. Davis of West Virginia, 136 votes; Robert M. La Follette of Wisconsin, 13 votes. Whole number of votes cast for Vice President, 531; Charles Dawes of Illinois, 382 votes; Chas. W. Bryan of Nebraska, 135 votes, and Burton K. Wheeler of Montana, 13 votes.

CHILD LABOR FIGHT TO GO ON

American Federation to Press Ratification of Federal Amendment.
By the Associated Press.
MIAMI, Fla., Feb. 11.—The American Federation of Labor will carry on a campaign for the national child-labor amendment to the Federal Constitution in those states which have failed to ratify the amendment until such time as Legislatures favorable to ratification are elected, the federation's executive council decided at its business session here today.

Cross-Worders Tax Library.
Special to the Post-Dispatch.
CHICAGO, Feb. 11.—The public library has installed a big addition of dictionaries and reserved a special room for cross-word puzzle fans. "The battery of dictionaries now in the reading room has proved inadequate to the demands of the synonym hunters," Librarian Duden said yesterday. "The demand has been so great that we have had to install a special clerk to aid in the use of the dictionary shelves. The puzzle had seemed to be gaining steadily."

Garner avenue, between Forest and McCausland, \$10,641. The other low bids were: Elm-bank avenue, between Taylor and Cora, Trinidad Co., \$17,905; East-kate and Enright avenues, between Delmar and city limits, Blackburn & Crean, \$6692; Garner avenue, between Kraft and Forest, Eyer-mann Construction Co., \$22,711.

AWARD OF \$5000 FOR WOMAN IS REVERSED

Dr. C. H. Czarrar Had Signed Check in Hospital Six Hours Before He Died.

A jury in Circuit Judge Hamilton's court yesterday reversed a decision of the Probate Court awarding \$5000 to Miss Marie McCabe against the estate of Dr. Conrad Howard Czarrar by returning a verdict for the estate on appeal taken by the American Trust Co. as administrator. Miss McCabe based her claim on a check signed by Dr. Czarrar six hours before he died at Missouri Baptist Sanitarium June 9, 1923. After his death the check was cashed at the National City Bank, on which it was drawn, but the bank refused to honor it without an order of court. Then she filed suit against the doctor's estate in the Probate Court, and Judge Holtcamp, who originally heard the petition, decided that the check was valid.

It was contended by the administrator that Dr. Czarrar was not in mental condition to know what he was doing when he signed the check, having just previously been operated on for acute appendicitis. Dr. A. R. Kleffer, the surgeon who operated, and Dr. E. L. Cooley, Dr. Czarrar's partner, both said that Dr. Czarrar was in a delirium at the time he signed the check. His nurse, Miss Caroline Avery, testified he knew what he was doing. Miss McCabe did not take the stand. She formerly sold tickets at the Orpheum Theater.

Dr. Cooley said that Miss McCabe asked him if he thought it would be all right if she got Dr. Czarrar's check, the check being for \$5000, said he replied that the man was dying and that she would have to act as her conscience dictated. He said Miss McCabe explained to him that she and Dr. Czarrar had intended being married when he was home. Dr. Czarrar's widow, who lives in Los Angeles, Cal., testified that she and her husband were living apart at the time of his death because he had left her in California until he could establish a practice here. Then he was to have sent for her, she said. His office was at 203 North Seventh street. His estate is valued at \$12,294.

DETROIT PASTOR TO TALK HERE

A special meeting of the Ministerial Alliance will be held Thursday at 10:30 a. m. at the Y. W. C. A. Fourth and Locust streets, when Rev. Dr. Merton S. Rice, a Methodist Episcopal minister of Detroit, will be the principal speaker. The Protestant ministers of more than 400 churches of St. Louis and adjoining territory have been invited to the meeting. Dr. Rice, who in addition to his work as a preacher is an influential leader in international Y. M. C. A. activities, will attend a convention of the Central States Department of the "Y" to be held here this week.

JUDGE ORDERS JURY TO FREE BUSELAKI

Instructed Verdict of Not Guilty Returned in Murder Trial.

John Buselaki of 984 Carr street was freed on an instructed verdict of not guilty an hour after a jury was chosen yesterday for his trial on a charge of first degree murder, in connection with the shooting of Sam Vitale, an Italian feudist, on Dec. 7 last.

Circuit Judge Taylor sustained a defense demurrer after the State's principal witness became hopelessly confused under cross-examination. The witness was Helen Peterson, a 15-year-old negro, who previously had told the grand jury that a man gave her \$1.25 not to identify Buselaki as the slayer and threatened her with "black hand" violence if she did so.

Yesterday she was the second witness. A man had testified that he heard shots and saw a man running from the lot at 1124 North Eighth street, where Vitale's body was found. The negro girl took the stand and poured forth such a mass of incoherent and conflicting testimony that Sigmund Bae, attorney for Buselaki, asked for dismissal. Judge Taylor granted the request and ordered the jury foreman to sign a not guilty verdict.

AMERICANS CANNOT TRIFLE WITH FRENCH DIVORCE COURTS

Mrs. Oliver Burton's Plea to Have Suit Withdrawn Denied by Paris Tribunal.

Copyright, 1932, by the Press and Publishing Co., Inc., New York World and the Post-Dispatch.

PARIS, Feb. 11.—The Paris divorce mill is not to be trifled with. Mrs. Oliver Burton has been informed by a French Court. Once a suit is filed, the mill works irrevocably.

Both Mrs. Burton and her husband, to whom she was married in Long Branch, N. J., Sept. 25, 1929, asked for a divorce in Paris. Then Mrs. Burton decided she would rather have an American divorce and asked the court to declare itself incompetent. The court refused, as both are residents in Paris, and the suit stands. Mrs. Burton has been informed that her divorce trial will be held Feb. 12.

The mill turned out three American divorces yesterday. Mrs. Lyman Grima, born Barbara Nachtrieb and married in San Francisco, June 1, 1917, got a divorce from her husband on grounds of desertion.

Mrs. Henri Picard, born Winston, and married in New York, Dec. 18, 1930, was given a divorce on the ground of the refusal of her husband to continue conjugal life. Mrs. Abraham Hirschberg, born Randall, and married in New York, was given a divorce on the same ground.

MOTHER OF 18 CHILDREN GETS THREE MONTHS UNDER DRY LAW

Wife of Minnesota Farmer Sentenced and Fined \$400 in Federal Court.

DULUTH, Minn., Feb. 11.—Mrs. Elizabeth Schmolke, 51, wife of a Morrison County farmer and mother of 18 children, must spend three months in the county jail and pay a fine of \$400 for violating the liquor laws, Judge W. A. Cant ruled in sentencing the woman in Federal Court yesterday.

RECIPE TO CLEAR
A PIMPLY SKIN

Pimples Are Impurities Seeking an Outlet Through Skin Pores.

Pimples, sores and boils usually result from toxins, poisons and impurities which are generated in the bowels and then absorbed into the blood through the very ducts which should absorb only nourishment to sustain the body.

It is the function of the kidneys to filter impurities from the blood and cast them out in the form of urine, but in many instances the bowels create more toxins and impurities than the kidneys can eliminate; then the blood uses the skin pores as the next best means of getting rid of these impurities, which often break out all over the skin in the form of pimples.

The surest way to clear the skin of these eruptions, says a noted authority, is to get from any pharmacy about four ounces of Jad Salts and take a tablespoonful in a glass of water each morning before breakfast for one week. This will help prevent the formation of toxins in the bowels. It also stimulates the kidneys, thus coaxing them to filter the blood of impurities and clearing the skin of pimples.

Jad Salts is inexpensive and is made from the acid of grapes and lemon juice, combined with lithia. Here you have a pleasant, effervescent drink which usually helps make pimples disappear.

OFFERED PAROLE FOR \$2500,
SAYS ATLANTA PRISONER

"Rum Ring" Convict Also Testifies He Aided in Collecting \$10,500 for Prison Privileges.

By The Associated Press. ATLANTA, Ga., Feb. 11.—Alleged efforts of Lawrence Riehl of Columbus, O., to sell him a parole from the Atlanta Federal penitentiary today were described in United States District Court by Graham Baughn, one of the men convicted in the Savannah "rum ring" exposure.

Baughn gave his testimony in the trial of Riehl, A. E. Sartain and L. J. Fletcher, the two latter formerly Warden and Deputy, respectively, of the penitentiary, on charges of conspiracy and bribery. Baughn said Riehl attempted to sell him the parole for \$2500 when he went to Savannah with the Rev. Thomas P. Hayden, then a chaplain at the prison, to collect \$10,500 for special prison privileges to be granted several men convicted in the "rum ring" cases.

Baughn, formerly a lawyer, also said Riehl had attempted to sell paroles to other members of the Savannah "ring." Although he did not "put up" any money, Baughn said he later was recommended for a parole by the Parole Board.

Five thousand dollars was paid by Baughn to Sartain, who appointed C. C. Tuten, another of the men convicted in Savannah, as his chauffeur, the witness continued. Tuten raised the money, the witness stated, and had a man from Savannah to deliver it to Baughn in an Atlanta hotel. "I took the money and gave it to Sartain in his office at the prison," Baughn testified.

The witness said he conducted the "negotiations" after Sartain frequently had expressed need of money and had stated he soon would have "some easy jobs open." A check for \$5000, alleged to have been given Fletcher by Mangle Kessler, wealthy New York bootlegger, sentenced to the prison, was cashed through an Atlanta man by Baughn, the witness testified.

Three Children Burned to Death, CHAMBERSBURG, Pa., Feb. 11.—Three small children of Mr. and Mrs. Ira Wingert were burned to death in their bedroom last night while their parents were doing chores at the barn on their farm six miles from here. The fire is believed to have been caused by an overturned lamp.

ONE-ARMED MAN, 64, GETS YEAR FOR MANSLAUGHTER

Edward Boyd, 64 years old and one-armed, was found guilty of manslaughter and sentenced to a year in jail by a jury in Circuit Judge Frey's Court yesterday in connection with the death of John J. Blie, 54, an ironworker, who was found, with his skull fractured, on the sidewalk at Fourth and Walnut streets on Oct. 5. Blie later died at the City Hospital without naming his assailant.

Boyd was arrested a few days later on suspicion when a pocket knife known to have belonged to Blie was found in his possession. On the stand he testified that he was walking past the corner when Blie approached him and asked for the "price of a bottle." When he resisted the man's action, he said, Blie struck at him with a pocket knife and a struggle ensued in which he knocked Blie down. He then picked up the knife, he testified, and walked away and did not learn until several days later that Blie had been seriously injured.

STATE CONTINUES GENERALLY CHARGE AGAINST R. W. MOTTAZ

Complainant in Case Involving Land Dealer Decides Not to Prosecute.

The charge of obtaining money under false pretenses against Ralph W. Mottaz, a land dealer with offices in the Wainwright Building, was continued generally by the State yesterday in Circuit Judge Frey's court because the complainant, J. C. Nielsen of 783 Bayard avenue, has decided not to prosecute. The State's action is the equivalent of dropping the case with the privilege of reinstatement. Nielsen had alleged that he paid Mottaz \$500 last August for lots in a clubhouse district near Penton, St. Louis County, but that Mottaz refused to deliver the title.

GREECE PUTS EXPULSION OF PATRIARCH UP TO LEAGUE

By the Associated Press. GENEVA, Feb. 11.—Greece has appealed to the League of Nations against the action of Turkey in expelling the Most Rev. Constantine, ecumenical patriarch of the Greek Catholic Church, from Constantinople, declaring that this action endangers the friendly relations between the two countries.

It's Free

If that cold stays

You can check a cold in 34 hours. Stop the fever, the headache, the danger. And La Grippe in 3 days. You can do this in the best way known to science. In the way which millions have adopted. In the way so sure, so reliable that every drug-gist guarantees it. That way is Hill's Cascara-Bromide-Quinine. A way based on years of research. A way so perfect that 25 years have developed no way to improve it. Then why take chances? Why let a cold linger? Why try to check it in inefficient ways? No one ever knows to what a cold may lead.

Colds

Broken in one day

Hill's checks a cold within 24 hours. It ends the fever and headache. It stops Grippe in 3 days. Its action is complete. It not merely stops colds but removes their poisons. It tones the entire system. It creates the force to restore your vitality. It is the final result of years of research. It has stood 25 years of tests. You will always get Hill's—and the guarantee when you once learn what it does.

Look out for sore throat

THE moment your throat feels raw, or whenever you are exposed to infection, start giving the throat continuous antiseptic treatment. Carry Formamint with you, and dissolve one of the pleasant-tasting tablets in the mouth—every half-hour or hour for sore throat, every two or three hours to prevent infection. Formamint releases a powerful yet safe antiseptic that keeps up the germicidal action long enough to really clear out the throat germs. Ask your druggist.

"My Back"

Rub with Red Pepper
Backache calls for red pepper.
So do rheumatic pains, soreness,
lameness, cold in chest, etc.
You need penetrating heat.
The modern way is Red Pepper
Rub. It is exactly old ways that there
is no comparison. Nothing creates
such concentrated, such penetrating
heat as red pepper. And heat that
doesn't hurt.
The tingling heat comes instantly.
In three minutes it seems to pene-
trate the depths. Circulation starts,
congestion is relieved. The aches
and the pains depart.
The quick results seem magical.
Relief is usually but a matter of
minutes. Red Pepper Rub is now sav-
ing people millions of painful hours.
Every home needs it often, and one
never knows when. The Rub should al-
ways be on hand. Then, night or day,
when pain starts relief is at your call.
Go get this new-day method now. Pains
you can stop are folly.

BOY SLAYER GIVEN MINIMUM PENALTY

Gilbert Brooks Found Guilty
of Manslaughter and
Fined \$500.

Gilbert Brooks, 16 years old, who
was found guilty of manslaughter
and fined \$500 by a jury in Juve-
nile Court yesterday for fatally
stabbing 17-year-old John Cottingham
on the evening of Nov. 13,
1923, may be detained at Belle-
fontaine Farm or the House of De-
tention until the fine is paid. Juve-
nile Court Judge Hartman an-
nounced today.

Gilbert was assessed the mini-
mum punishment on a man-
slaughter charge after the jury
deliberated for three hours. The
trial was on a charge of second de-
gree murder, and Judge Hart-
man's instructions gave the jury
the choice between acquittal and
punishment of from a \$500 fine to
life imprisonment.

Inclined to Leniency.
The jury agreed on its first bal-
lot not to send Gilbert to prison.
Character witnesses had testified
that the boy was working at the
time he stabbed John Cottingham,
to assist the family, of which he is
the eldest of seven children. He
had never been in trouble before
and the jury was inclined to leni-
ency.

Following the reading of the ver-
dict Brooks' attorney requested
four days in which to consider the
filing of a motion for a new trial.
In the event the verdict is allowed
to stand, Judge Hartman will
make a ruling concerning Gilbert's
detention until the fine is paid, or
the Court considers that justice has
been satisfied. The statutes make
no provision for a juvenile working
out a fine, Judge Hartman said.
Gilbert has been confined to the
House of Detention since his arrest
and this fact may influence his
early release if the Judge decides
on a further period of detention in
the event the fine is not paid.

Self-Defense His Plea.
Gilbert was not quite 15 when,
on the evening of Nov. 13, 1923,
he stabbed John Cottingham, 17,
in front of the latter's home at
1114 Grattan street. The defense
version of the incident was that
Gilbert had called Cottingham's
younger brother from the house
and accused him of abusing his
(Gilbert's) younger brother, Walter
Brooks. John Cottingham inter-
vened, knocked Gilbert down and
was kicking him when he drew his
knife. In self-defense, the defense
said. The Cottingham family tes-
tified that the older boy merely
pushed Gilbert and told him to go
away.

BEWARE THE COUGH OR COLD THAT HANGS ON

Chronic coughs and persistent colds
lead to serious lung trouble. You can
stop them now with Creomulsion, an
emulsified croscote that is pleasant to
take. Creomulsion is a new medical
discovery with twofold action; it soothes
and heals the inflamed membranes and
kills the germ.

Of all known drugs, croscote is re-
cognized by the medical fraternity as the
greatest healing agency for the treat-
ment of chronic coughs and colds and
other forms of throat and lung troubles.
Creomulsion contains, in addition to
croscote, other healing elements which
soothe and heal the inflamed mem-
branes and stop the irritation and in-
flammation, while the croscote goes on
to the stomach, is absorbed into the
blood, attacks the seat of the trouble
and destroys the germs that lead to
consumption.

Creomulsion is guaranteed satisfac-
tory in the treatment of chronic coughs
and colds, bronchial asthma, catarrhal
bronchitis and other forms of throat
and lung diseases, and is excellent for
building up the system after colds or
the flu. Money refunded if any cough
or cold, no matter of how long stand-
ing, is not relieved after taking accord-
ing to directions. Ask your druggist,

**PULLMAN COMPANY SUE FOR
\$40,000 BY ST. LOUIS WOMAN**

Mrs. Dolly Ellis Charges Indignities at Hands of Intoxicated Passenger and Porter.
A \$40,000 damage suit against the Pullman Co. has been filed at Omaha, Neb., by Mrs. Dolly Ellis of St. Louis, who asserts she suffered indignities at the hands of an intoxicated Pullman porter while a passenger between El Paso, Tex., and St. Louis, March 11, 1921.

According to the petition, Mrs. Ellis was annoyed by an intoxicated passenger who sent notes to the negro porter, inviting her to his drawing room. The intoxicated passenger, she asserted, entered the dressing room and tried to take her forcibly to the drawing room and caused her to suffer a wrenched back and bruises during the scuffle. During all this time the conductor remained absent from the car, she said, and stood idly by later when, in a Texas town, an armed mob entered the car and searched for the negro.

A similar suit has been brought in Federal Court here by Miss Pearl Simpson, Mrs. Ellis' sister, who was with her. This case has been set for May 2.

DR. ELIOT NAMES GREATEST EDUCATORS

One List Has Ten for Last 200 Years; Another for 2300 Years.

By the Associated Press.
CHICAGO, Feb. 11. — The 10 leading men in the educational history of the last 200 years, as selected by Dr. Charles W. Eliot, president emeritus of Harvard University, are announced by the University of Chicago in the publication of a booklet called "Men." The 50-year-old educator also named the 10 leading educators in 2300 years.

Ralph Waldo Emerson was the only man in both groups.

The greatest of the last 200 years were given as Adam Smith, Michael Faraday, John Stuart Mill, William Ellery Channing, Horace Mann, Harriet Spencer, Ernest Renan, Charles Robert Darwin, Ralph Waldo Emerson and Louis Pasteur. Aristotle, Galen, Leonardo da Vinci, Milton, Shakespeare, John Locke, Immanuel Kant, Francis Bacon, Isaac Newton and Emerson were ranked as the 10 greatest in the last 2300 years.

The pamphlet is an appeal "for a square deal for the men of distinction on the faculties of American universities."

The booklet says: "The chief requirements of the professor are that he shall have proper facilities for work and a reasonable living salary in order to provide comfortably for his family. The universities must have sufficient endowment to provide these requirements. But in the last five years, while the endowment of the University of Rochester has increased 957 per cent, Johns Hopkins, 175; Princeton, 165; Harvard, 73; Columbia, 41; Yale, 40; and Stanford, 15; the endowment of the University of Chicago has increased only 13 per cent."

"The American people spend eight cents each for professors' salaries in a year, while they spend \$1 for ice cream and \$9 for perfume and cosmetics."

NAVAJO UPRISING IS FEARED

By the Associated Press.
SANTA FE, N. M., Feb. 11. — Main while resisting arrest by a Constable, a Navajo Indian is dead, 160 tribesmen have congregated around his body, refusing to let a coroner's jury approach, and hostilities are being maintained. The trouble arose over the act of a Navajo in cutting posts, it is alleged, on the homestead of Lacy Bird. Bird says when he ordered the Indian off his land he showed fight, using a clubbed gun. Bird swore out a warrant before a Justice of the Peace and when Constable Blanchfield sought to serve it the Indian attacked him, it is alleged, and Blanchfield shot and killed the Navajo.

PIMPLES ON FACE AND HANDS Were Sore and Festered. Cuticura Healed.

"I worked in a boiler room and the dust caused my face and the backs of my hands to break out in pimples. The pimples were a little larger than a pinhead and disfigured my face. They were quite sore and some of them festered and oozed over."
"I tried several remedies but got no good results. A friend told me about Cuticura Soap and Ointment so I purchased some and after using them about six weeks the pimples disappeared. I was healed."
(Signed) Howard Mitchell, Spooner, Wis., March 1, 1924.

ADVERTISING The Fight Is Won by Haley's M-O

Nature Finds Perfect Ally in Battle for Better Health
There is no such thing as holding your own against the evils of acid (sour) stomach. You either conquer or lose.

The chances are you are losing if you have the regular symptoms of clogged intestines and bodily poisons—heartburn and belching, dark brown taste, black spots dancing before your eyes.
Here is help for you—Haley's Magnesia-Oil. Its pure mineral oil is an easy, effective lubricant for the intestines; its mild, sweet milk of magnesia is the finest antacid known to science. Combined in this perfect emulsion, they insure a wonderful effect.

Get a bottle of Haley's M-O right now. Start taking it tonight. See how it tones you up, clears your skin, takes away that dark brown taste. Very delightful to take, too. The old-fashioned laxative can take it with perfect ease and confidence. At all drug stores. Large family size, \$1.50. The Haley M-O Company, Indianapolis, Ind.

Haley's M-O

and Pure Mineral Oil

BETTER THAN WHISKEY FOR COLDS AND FLU

The sensation of the drug trade is Aspirinal, the two-minute cold and cough reliever, authoritatively guaranteed by the laboratories; tested, approved and most enthusiastically endorsed by the highest authorities, and proclaimed by the people as ten times as quick and effective as whiskey, rock and rye, or any other cold and cough remedy they have ever tried.

All drug stores are supplied with the wonderful elixir, so all you have to do is to step into the nearest drug store, hand the clerk half a dollar for a bottle of Aspirinal and tell him to serve you two teaspoons.

With your watch in your hand, take the drink at one swallow and call for your money back in two minutes if you cannot feel the distressing symptoms of your cold fading away like a dream, within the time limit. Don't be bashful, for all druggists invite you and expect you to try it. Everybody's doing it. Take the remainder of the bottle home to your wife and children, for Aspirinal is by far the safest and most effective, the easiest to take and the most agreeable cold and cough remedy for children as well as adults. Quickest relief for catarrhal croup and children's crouping up at night.

ADVERTISING "NOT VERY WELL TODAY"

How often do you hear this plaint from people who look the picture of health? Yet this vague feeling may be a message of real danger. Don't neglect it.

In most cases it is noticed that the kidneys are not properly functioning to drive the

poisons from the body. They need help. Drink lots of water and try Gold Medal Haarlem oil capsules (the original and genuine). A standard diuretic stimulant since 1696. In three sizes, sealed. Fully guaranteed to be as represented.

FARM RELIEF PROGRAM
Senate and House Committees Working on Bills.
By the Associated Press.
WASHINGTON, Feb. 11.—The problem of working out a farm relief program to be pressed for action in the remaining three weeks of the session continued to occupy the Senate and House Agriculture Committees today, both having called members of the President's Agricultural Committee for questioning on the conference recommendations.

The House, in the meantime, has moved forward speedily to carry out part of the conference program by passing and sending to the Senate the Strong and Purnell bills. The Strong bill, passed yesterday, would permit national agricultural credit organizations to re-discount notes with the Federal intermediate credit banks. Although designed primarily to aid cattle raisers, its advantages would extend to all farming activities. The Purnell bill, put through at the same time, would increase the amount of Federal aid to agricultural experiment stations.

Acquitted of Murder Charge.
By the Associated Press.
CHICAGO, Feb. 11.—Patrick Sexton was acquitted by a jury here yesterday of the murder of John R. Rose, a cab company road superintendent, who when shot by Sexton outside the courtroom where Sexton was acquitted, was on trial for the murder of Sexton's son. The father pleaded self-defense and counsel introduced evidence tending to show that Sexton was threatened with a pistol before he shot the man.

TRY THIS JAPANESE FOOT REMEDY
Costs Little and Makes the Feet Feel Fine.

Foot sufferers gather round; get right up close and listen. Here's good news for you.

The real "Corn Killer" is here at last. Ice-Mint, the New Discovery, made from a Japanese product, is said to surely and quickly end all foot misery.

Hard corns, soft corns or corns between the toes, also toughened callouses just shaved up and left off easy. It's wonderful. There is no pain or soreness when applying Ice-Mint or afterwards, and it doesn't even irritate the skin.

Think of it: just a touch or two of that cooling, soothing Ice-Mint and real foot joy is yours.

Ice-Mint prevents foot-odors and keeps them sweet and comfortable. It is the real Japanese secret for fine healthy, little feet, and keeps you free from winter foot troubles. Every person who has suffered with stubborn corns or tender feet can appreciate the cooling, soothing comfort that it brings; especially women who wear high heeled shoes and men who have to stand all day on their feet. Try it. Get a few cents worth of Ice-Mint from your druggist today and give your poor, tired, aching, burning feet the treat of their lives. There is nothing better.

PART TWO.

**CRIME PREVENTION
MEANS DISCUSSED
BY BUSINESS MEN**Albert Bond Lambert Is
Host at Dinner Attended
by About 100—Hadley
Among the Speakers.\$50,000 NEEDED
TO GATHER FACTSReform of Criminal Justice
Procedure, Through
Aroused Public Sentiment,
Stressed in Talks.

Shrews for the war against crime, in the form of money, were the underlying topic of a dinner in the interest of the Missouri Association for Criminal Justice at Hotel Chase last night, at which Albert Bond Lambert, wealthy pharmaceutical manufacturer, was host. Public sentiment can't destroy the crime wave and reform the administration of criminal justice, the speakers were unanimous in declaring. Facts as to the situation, which the association proposes to gather, are necessary to the crystallization of public opinion. The facts cannot be gathered without money—a \$50,000 fund is needed. Thus the story ran. It was not a gathering to seek funds directly, but to focus public attention on the need, and Lambert, at the end, carefully avoided a proposal that all present be made a Finance Committee, with him as chairman.

About One Hundred Present.
About 100 men, representative of a wide variety of interests, attended the dinner. One of the most interested guests was Chief of Police O'Brien.

"Nine thousand of our American people are feloniously killed every year," said the first speaker, Herbert S. Hadley, chancellor of Washington University and chairman of the Executive Committee of the Missouri Association for Criminal Justice. "Of course, many times that number are feloniously wounded. Our crime bill is stated by statisticians as \$5,000,000,000 to \$10,000,000,000, which means an annual tax on every man, woman and child of about \$100. "How many of those who commit crimes are adequately punished? Such statistics as we have show that the number is less than one out of five. That is, our system of apprehending, prosecuting and punishing violators of our laws is not even 20 per cent efficient. And these figures apply only to major offenses, such as homicide, robbery, burglary and assault."

Archae Procedure.
There are, of course, many reasons why this unsatisfactory and dangerous condition exists. But that our present archaic, cumbersome and ineffective system of procedure is one of the causes, and one of the principal causes, I am firmly convinced. This system, in addition to its actual ineffectiveness, maintains a condition of the public mind that is antagonistic to stern, vigorous and effective public sentiment that will result in the careful and adequate punishment of the guilty. The dominating thought of our entire system is a feeble emphasis not on the rights of society, but the rights of the defendant, not on the danger that the guilty will go unpunished, but that someone who is innocent may suffer."

"We have now a flabby instead of a stern sense of justice. This is well illustrated by a statement made incident to the parole of Judge Myers by former Gov. Hyde during the closing days of his term. He said that she had been longer in prison than any woman in the United States and she had been there only about 17 years. I am not criticizing Gov. Hyde as he probably held out longer than most. Governors would have done. The point is that our flabby sense of justice has practically abolished the sentence and such a sentence usually means only 10 to 15 years' imprisonment, and often less. When became Governor, I was told that there was no prisoner in the Missouri penitentiary who had been there as long as 11 years. If we live out our expectancy, as I will, a majority of us, in my opinion, will see Leeb and Leopold pardoned or paroled."

Talk by Clarkson.
W. Palmer Clarkson, president of the Chamber of Commerce, told the menace of crime to business, saying the entire business centre rests upon supremacy of law. He told of losses that are inflicted on commerce and industry by crime. The greatest question is, "What can we do about it?" The industrial can give moral and financial support to this movement in the name of justice. We must improve our own conduct. If we have laws we don't like, the other

PRAGUE, Feb. 11.—Ten communists and four policemen were wounded during a communist demonstration here last night against the high cost of living. Two of the wounded may die.

\$162,000,000 AGREED PRICE FOR CHICAGO SURFACE LINES

Offer of \$50,000,000 for "L" Roads Will Be Put to Vote of the People.

CHICAGO, Feb. 11.—An offer of something less than \$50,000,000 for the elevated roads and an agreed price of \$162,850,000 for the surface lines are the figures Chicago will be asked to approve if the Dever-Schwartz traction ordinance goes before the people, it developed today.

Mayor Dever gave his approval to the surface lines price in a talk to the Council Committee on local transportation yesterday and then the committee members, with the exception of Alderman Wiley W. Miller, voted to accept it and incorporate it in the traction ordinance.

The offer for the elevated roads will be based on a report by Maj. R. F. Kelker Jr., consulting engineer for the committee and one of the experts who appraised the surface lines. It was predicted he would advise the committee that the elevated roads are not worth \$50,000,000, though capitalized for more than \$90,000,000.

Mayor Dever told the committee he thought the city would be getting its money's worth if it bought the surface lines at the contract-ordinance price, a variable figure that probably will be about \$163,000,000 if the deal goes through.

The Mayor's approval of the contract price which won a majority of the committee to that view will send the ordinance through to the Council perhaps by Friday. The elevated railroad offer will be formulated later.

The traction ordinance will authorize the Municipal Railways Board to offer the fixed price to the Chicago Rapid Transit Co. If the company rejects the offer, as it probably will, two courses will be open. The Railway Board may build an independent, non-competitive "L" system, in correlation with surface and subway lines, or it may open negotiations with the transit company.

"That Nuisance, the Nose." health course, at the university medical auditorium, Euclid and tomorrow night's lecture in the Scott avenues. "That Nuisance, the Washington University free public Nose." will be his theme.

FOUR PERSONS HIT BY AUTOMOBILES IN STORM

Three Pedestrians Are Seriously
Injured During
Snowfall.

INJURED.
Pat Dolan, 57, 2405 Seventh
boulevard, scalp lacerations and
bruises.
William H. Wetzel, 50, Utica,
Ind., fractured skull.
Herman Figler, 8, 1216 North
Eighteenth street, internal injuries
and scalp lacerations.
Herman Scheen, 65, 2146 Oregon
avenue, scalp lacerations and fractured
nose.

Four persons were struck by automobiles yesterday evening during a snowstorm which clouded wind shields and caused pedestrians to turn coat collars up and bow their heads.

While transferring \$2551.36, his life savings to another bank, Pat Dolan, 57, 2405 Seventh boulevard, an unmarried laborer employed in the paving department by the city, was struck by a northbound automobile as he was crossing Seventh boulevard and Victor street at 6:30 p. m. He suffered lacerations of the scalp and bruises, and was taken to city hospital. The car, described as a blue-black touring car bearing an Illinois license, did not stop.

A man in whose clothing was found a card bearing the name of William H. Wetzel, 50, Utica, Ind., showing that he had applied to the Provident Association here for aid, suffered a fractured skull when he was struck by an automobile owned by Jacob L. Lashly, 20 Windermere place, as he was crossing West Pine boulevard at Vandeventer avenue at 6 o'clock. He was taken to the hospital by Lashly, who was riding in the car driven by a negro chauffeur.

Herman Figler, 8, 1216 North Eighteenth street, is in city hospital in a serious condition from internal injuries and scalp lacerations suffered at 5 p. m. when he was struck by an automobile driven by Clyde A. Marshall, 1904 North Taylor avenue, as he was crossing Eighteenth street at Biddle street.

Herman Scheen, 65, 2146 Oregon avenue, suffered scalp lacerations and a fractured nose at 7:30 p. m. when he was struck by Engine Co. No. 10 at Jefferson avenue and Market street as it was going south in response to an alarm. At city hospital Scheen's condition was said to be serious.

Trapper Convicted of Murder.
CAMERON, La., Feb. 11.—Ned Harvey, of Orange, Tex., a trapper was found guilty of the murder of John Springer of Lake Charles, and the death penalty imposed by a jury last night. Harvey was also charged with killing A. A. Byrd of Nederland, Tex., but he was not tried on that. The double slaying occurred as the two officials of a trapping company were eating their New Year's supper at trapping headquarters at Johnson's Bayou.

MUNN TO DEFEND WRESTLING TITLE FOR FIRST TIME TONIGHT

Young Giant, Who Dethroned Lewis Recently, Scheduled To Oppose Veteran Zbyszko

Kansas City Followers of Mat Game Expect to See Title Holder Throw Stanislaus by Main Strength—Champion Is a Real Hero.

By John E. Wray,
Sports Editor of the Post-Dispatch.

KANSAS CITY, Feb. 11.—Whatever the rest of the world may think about Wayne Munn, just nicknamed "Big," there is no doubt about Kansas City's opinion. The 250-pound young giant is as much a hero to the wrestling fraternity here as he was to the Nebraska University football cheering thousands in the days when he was an all-American gridiron star.

Tonight Munn will get his first test since he hoisted the ponderous Robert Fredericks ("Strangler" Lewis) over the ropes and slammed him down outside the ring, so incapacitating the former champion that he was unable to continue.

Munn's opponent will be Stanislaus Zbyszko, known for 15 years in this country as Zbyszko, a whole of a man in his day and a finished wrestler still, despite his more than half-century of existence.

Zbyszko Himself Powerful. Kansas City gives no thought to the possibility that Munn may lose his title. The fans expect to see Munn throw the Pole even as he threw Lewis—by main strength. Carpers may suggest that when it comes to sheer power, this same Stanislaus was considered one of the most formidable men in all wrestling history. But Kansas City reckons not of such slight objections.

That's because Kansas City is a hero-worshipping mob. Munn is wonderfully popular here. In the hotel lobbies and on the street his name is mentioned with respect and admiration. His pleasing personality, his boyish appearance and his very manly ways win admirers. People like him. They wish to believe that he is a great wrestler; and the wish has been father to the thought.

It is astonishing to note the consensus here among men of every class that Munn, although not a man of many holds, and one rather crude in wrestling science, is champion by virtue of prodigious strength.

In the face of expert wrestling opinion that this is not credible, Kansas City believes it, and no amount of cynicism of outsiders has served to shake it. They believe that he does not need to be held. All that he has to do, they say, is to get his clutch on an opponent—and, in the vernacular—the "stuff is off."

Munn Has Remarkable Record. They are honest about Munn's record, which shows that he swept aside all opponents, even to the champion, in fewer than 30 bouts, and won the title.

Wrestlers of other days were wont to spend years on the mat and take part in hundreds of contests before they rose to proficiency. But Kansas City is dogged. It believes this is a superman. A Nurni, a Dempsey, a Man O'War—a champion built by nature for the job; and therefore not to be measured by ordinary standards.

If you want to get the agate eye

FACTS ABOUT MUNN'S FIRST TITLE DEFENSE

WAYNE "BIG" MUNN vs. Stanislaus Zbyszko, two falls out of three, for the heavyweight wrestling championship.

Jack Peterson vs. Pat McGill, one-fall match.

Prices—\$4.40, ringside and boxes; \$2.30, center sections balcony; \$2.20, and sections arena balconies and first four rows in upper balcony; \$1.10, upper balcony back of first four rows.

The place—Convention Hall. The referee—Walter Bates, official club referee.

and the marble face just suggest here any of the suspicions that one encounters elsewhere. Kansas City has made up its mind that Munn is a REAL champion and has come to stay.

There does not seem to be much betting on the event. The promoters of the show say they do not expect the same attendance that turned out for the championship bout between Lewis and Munn because all the world was interested in seeing Lewis dethroned. Ten thousand attended Munn's winning of the title, but that number is not looked for tonight.

Prices Not Exorbitant. The prices here are moderate, for a championship show, the top figure being \$4.40. No purse has been posted for the participants, who get a percentage of the receipts. No announcement of what this percentage would be was obtainable.

"Munn" has been training steadily since he won the title, in between filling dinner engagements and making talks or delivering sermons.

His willingness and his versatility have helped build the foundation of a popularity that can only be undermined by defeat—and then not permanently.

Among the gas-mask brigade, the gentlemen who smell a rat wherever they go, Munn is expected to win. They say it wouldn't look good if Zbyszko, conquered by Lewis several times, were to turn and throw Munn.

Munn has two other engagements to defend his title—one at Chicago against Mike Romanow, Feb. 17, and another on March 6 at Cleveland, against an opponent not yet named.

Mandell Placed in Second Round of Competition—Opening Bout Feb. 23.

By Bert Igoe,
Of the New York World Sport Staff.

NEW YORK, Feb. 11.—Those chippy young men who are to represent this country in the great international charge on Benny Leonard's abandoned kingdom were paired for the first eliminations in the office of the New York State Athletic Commission yesterday.

The commission ruled that the bout between Sammy Mandell and Sid Terris last Friday night had been a part of the eliminations and that Mandell, because of the victory, was to enjoy the privilege of a bye in the first draw and that Sid Terris, because of his defeat and his declaration that he would not enter the eliminations unless rated at the start as a semifinalist, had been eliminated.

How They Are Paired.

Two hats were used as ballot boxes and eight names were dropped in each. This is the way they came out of the hats:

Benny Valgar of New York vs. Alex Hart of Philadelphia; Tommy Kerk of Milwaukee vs. Knokout George Chancey of Baltimore; Jack Bernstein of York vs. Basil Gallano of New Orleans; Eddie (Kid) Wagner vs. Jimmy Goodridge of Buffalo; Solly Seeman vs. Archie Walker; Clyde Jeakle of Toledo vs. Rocky Kansas, and Charley O'Connell of Cleveland vs. Joe Dundee of Baltimore.

Joe Silva and Joe Benjamin having been matched to box in California, they sent word to ask if they couldn't be considered starters, the winner of their bout to come on to New York. This permission was granted.

Terris Seeks to Be Goat.

Sid Terris seems to be the goat of the party. His manager didn't want him to enter the first elimination because of the prospect of being consigned to some minor club, it having been ruled that four bouts go to the Madison Square Garden and the other four to three minor clubs.

STUDENT HELD IN POISON

INQUIRY FOUND BLAMELESS
Prosecutor Concludes He Did Not Put Drug in Bottle Supposed to Contain Quinine.

By the Associated Press. Feb. 11.—With the release of Louis Fish, 19-year-old student at Ohio State University, City Prosecutor Chester, investigating the deaths of two university students by strychnine poisoning, announced that Fish was not responsible for the affair and that he had been the victim of unfortunate circumstances.

Fish had admitted that he entered the university dispensary without authority and obtained capsules, supposedly containing quinine, for his friend, David Puskin, in an effort to save him a few cents by not getting them through the regular channels. Puskin died from poisoning.

Authorities are satisfied Fish obtained the capsules from the bottle supposed to contain quinine but that he had nothing to do with the strychnine capsules, which are believed to have been put in the quinine bottle.

How the strychnine capsules came to be in the bottle is a mystery. Half a dozen students, who had prescriptions for quinine, obtained at least one capsule that contained strychnine. Charles H. Kula of Logan, Mo., was the other student to die from the effects of the poison.

TURKISH DEPUTIES IN DUEL
Both Wounded in Exchange of Shots in National Assembly.

By the Associated Press. Feb. 11.—Detailed accounts of the shooting in the Turkish National Assembly yesterday show that Deputy Halil Kasha was wounded in an exchange of firing with Deputy Ali of Afum Kara Hissar, and not by an unidentified person, as at first reported. Halil Kasha, who was the more seriously wounded of the two, has a distinguished military record, having commanded a division against the Greeks with the rank of General.

After the shooting the Assembly engaged in a heated debate in consequence of which it was decided to enforce the rule forbidding deputies to bear arms in the chamber.

HOEFLE HELD IN GERMAN BOODLE INVESTIGATION

Ex-Minister of Posts Is Arrested After Being Interrogated by the Public Prosecutor.

By the Associated Press. Feb. 11.—Dr. Anton Hoefle, former Minister of Posts and the Clerical Party's member in the Marx-Stroemmer Cabinet, was arrested today after a cross-examination by the public prosecutor. The arrest was said to be due to incriminating statements made against him by officials of the Barmat Brothers, to whom State funds are alleged to have been loaned, and also the suspicion that he was attempting to conceal incriminating documents.

The Berlin branch of the Social Democratic party has passed resolutions demanding the exclusion from the party of the Chancellor Gustav Adolf Bauer, owing to the allegations connecting him with the Barmat affair. The former Chancellor last week resigned his seat as a Socialist member of the Reichstag on his party's demand.

A Berlin dispatch last Saturday estimated the German Government's losses through the advance payment of funds on questionable securities by the Ministry of Posts, which Dr. Hoefle headed, at nearly \$10,000,000 gold marks (\$15,000,000).

It was a practice dating from pre-war times to make loans of the Government's idle funds, these being negotiated through the Reichsbank and the Government being fully protected. The dispatch added that it was strongly doubted whether the amounts advanced to the Barmat Brothers and other financial operators would be recovered.

EXCESSIVE PREVALENCE OF TYPHOID TRACED TO OYSTERS
Report of Public Health Service Investigation Names Plant in New York.

WASHINGTON, Feb. 11.—The Public Health Service has concluded after investigation that the recent "excessive prevalence" of typhoid in New York, Chicago, Washington and several other cities is traceable to an oyster distributing company operating with impunity in the vicinity of West Sayville, N. Y.

In a report last night giving the general conclusions of its investigation the health service said that, owing to changes in the source of supply, there was no reason to believe that oysters distributed since Dec. 20 last by that company or any other large distributor should contain any more of a factor in the spread of typhoid infection than normally. The period of excessive prevalence of the disease was defined as ending about on that date and beginning on Oct. 20.

In stating that a detailed report on the investigation would be made later, the service explained that its general conclusions were announced because of the serious effect of the recent situation on the traffic not only in oysters, but in other fish products.

The oyster industry of Maryland and Virginia has been virtually shut down for some weeks.

BILL TO END STATE-WIDE PRIMARIES IS ADVANCED
Senate Committee Reports Favorably on Measure Providing for Convention System.

JEFFERSON CITY, Feb. 11.—Senator Painter's bill to authorize party State committees to call State conventions for the nomination of candidates for the principal State offices, and thus avoid state-wide primaries, was reported favorably to the Senate today by the Committee on Elections.

The bill immediately takes its place on the calendar for enactment, and as there are few bills ahead of it, the probability is that it will be considered within a few days and consideration for final passage may be expected by the end of next week. There now appears little doubt that it will go through the Senate, but its fate in the House is much less certain.

In taking favorable action on the measure, the Senate Committee prepared two Amendments, one adding the office of Lieutenant Governor and the other adding the Judges of the Courts of Appeal to the list of State officers whose nomination by convention instead of primary is to be authorized. As amended, the bill will include the nomination of the principal State officers, and thus avoid state-wide primaries, was reported favorably to the Senate today by the Committee on Elections.

GYPSIES ROB FAMILY OF \$10,000 LIFE SAVINGS

Band Rushes Tourists Preparing to Retire for Night in Tent Near Memphis.

By the Associated Press. Feb. 11.—Steve Tinn, Chicago coopermith, traveling with his entire family, was robbed of his life savings of \$10,000 last night by a band of five gypsies who lined Tinn and others up in their tent on the outskirts of the city at the point of revolvers and forced him to unlock a trunk containing the money.

Tinn and his family had been touring the country in an automobile and had decided to locate at Memphis. Last night he and the members of his family were preparing to retire for four men and one woman "rush" the Tinn camp with drawn revolvers.

The robbery, gypsies well known to Tinn who gave police a description of them, with their names. Tinn says the five followed him and his family from Chicago to Memphis. Tinn posted a \$500 reward with police for the capture of the robbers.

INCREASE SHOWN IN FACTORY VALUE OF PRODUCTS FOR 1923
Total of \$60,481,135,000 Was Manufactured in United States Census Bureau Reports.

WASHINGTON, Feb. 11.—The factory value of products manufactured in the United States amounted to \$60,481,135,000 in 1923, the Census Bureau announced today in a summary of data collected in the last biennial census of manufacturers.

The 1923 total was 38.5 per cent greater than that for 1921, when the factory value of such products totaled \$43,652,283,000, but 2.5 per cent less than the 1919 total of \$61,795,000.

The increase in 1923 as compared with 1919 was attributed to the higher prices of many of the earlier year and it was explained that the output was estimated to be

TEXAS SENATE PASSES BILL TO RESTORE FERGUSON'S RIGHTS

Measure Granting Amnesty to Former Governor Now Goes to House.

By the Associated Press.
AUSTIN, Tex., Feb. 11.—The bill designed to restore to James E. Ferguson the political rights which were taken from him when he was impeached and removed from the Governor's chair seven years ago, was passed by the State Senate last night by a vote of 21 to 6.

The vote came after three hours of debate which dealt with the legality of the measure rather than with the question of granting amnesty. Ferguson and his wife, Gov. Miriam A. Ferguson, were interested spectators. Friends warmly greeted and congratulated them at the close of the session.

Senators who opposed the measure maintained that a constitutional amendment would be necessary to remove the impeachment bar and that as soon as Ferguson attended again to run for State office the question of his eligibility would be raised and result in a court fight over the legality of the amnesty bill. By a vote of 19 to 9, the Senate had decided that the legislative amnesty plan was preferable to a constitutional amendment.

Proponents of the plan maintained that a constitutional amendment was unnecessary; that the Legislature had impeached Ferguson, and that the Legislature was within its right in undoing that action.

The bill now goes to the House, where its fate is doubtful.

In the event of its passage, it is expected that a test in the courts will be necessary to establish its constitutionality.

APPARATUS FOR
WEIGHING THE WORLD

With this apparatus Dr. Paul R. Heyl, of the Bureau of Standards,
working in a subterranean laboratory in the national capital, is de-
termining the weight of the earth. His actual aim is to redetermine
a certain numerical constant which enters into the law of gravitation,
from which we are enabled to deduce the mass of the earth. The weight
of the earth is now reckoned as about six sextillion tons (a six with 21
ciphers after it).

SCHOOL FOR ITALY'S "BAD BOYS"

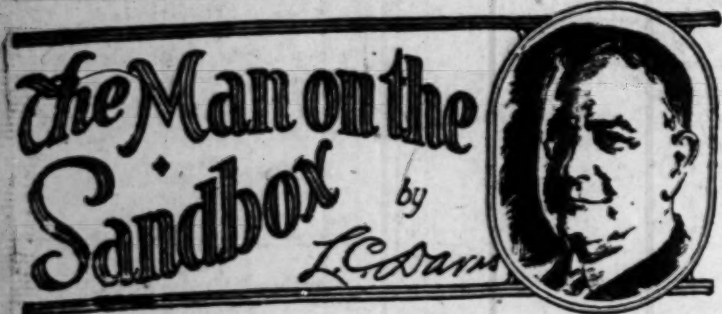

Instead of sending its bad boys to reform schools, Italy
has a fleet of ships, on which the boys receive stern and
rigid lessons in discipline, and at the same time, get a
good knowledge of seamanship. Quite a few former bad boys
now hold officers' posts on Italian merchant marine vessels.

HOW TIMES DO CHANGE

A photograph taken in 1900 shows that the family of the late George
J. Gould were motorists even then. In the car on the left are
Kingdon and Marjorie Gould, the latter is now Mrs. Anthony
Drexel; next is George Jay Gould, and, in the family car, the chaus-
seur; on right are Jay and Vivian Gould, the latter now is Lady
Decies.

THE PASSING SHOW.
Last Jack Dempsey met his fate. And bowed to One-round Cupid. That chubby little pennyweight. Hauled off and knocked him stupid. Upon the little God of Love. Who never had been humbled. The champion couldn't lay a glove. And from his throne he tumbled.

See by the cross-word puzzles that a work shop is an "atelier." However, the common or garden variety of atelier has all the earmarks of a work shop.

"35 Ruffs Killed in Taking Ruff." Ruffault has been killed about 35 times so that squares the match.

The soccer players want more dough. And for it they are striking. Their split for pulling off the show. Has not been to their liking. Now, this may seem a funny crack. If so just please forget it. But while they're kicking for the Jack. They'll not kick till they get it. I see where Hornsby, tried and true, And Bredon got together. For three more with Rickey's crew. He'll macerate the leather. More records now are doomed to fall. Before that bat of Rogers'. And we'll proceed to overhaul The Giants and the Dodgers.

VALUES.
There may be a more valuable player in the National League than Rogers Hornsby, but we'll bet the payrolls won't show it.

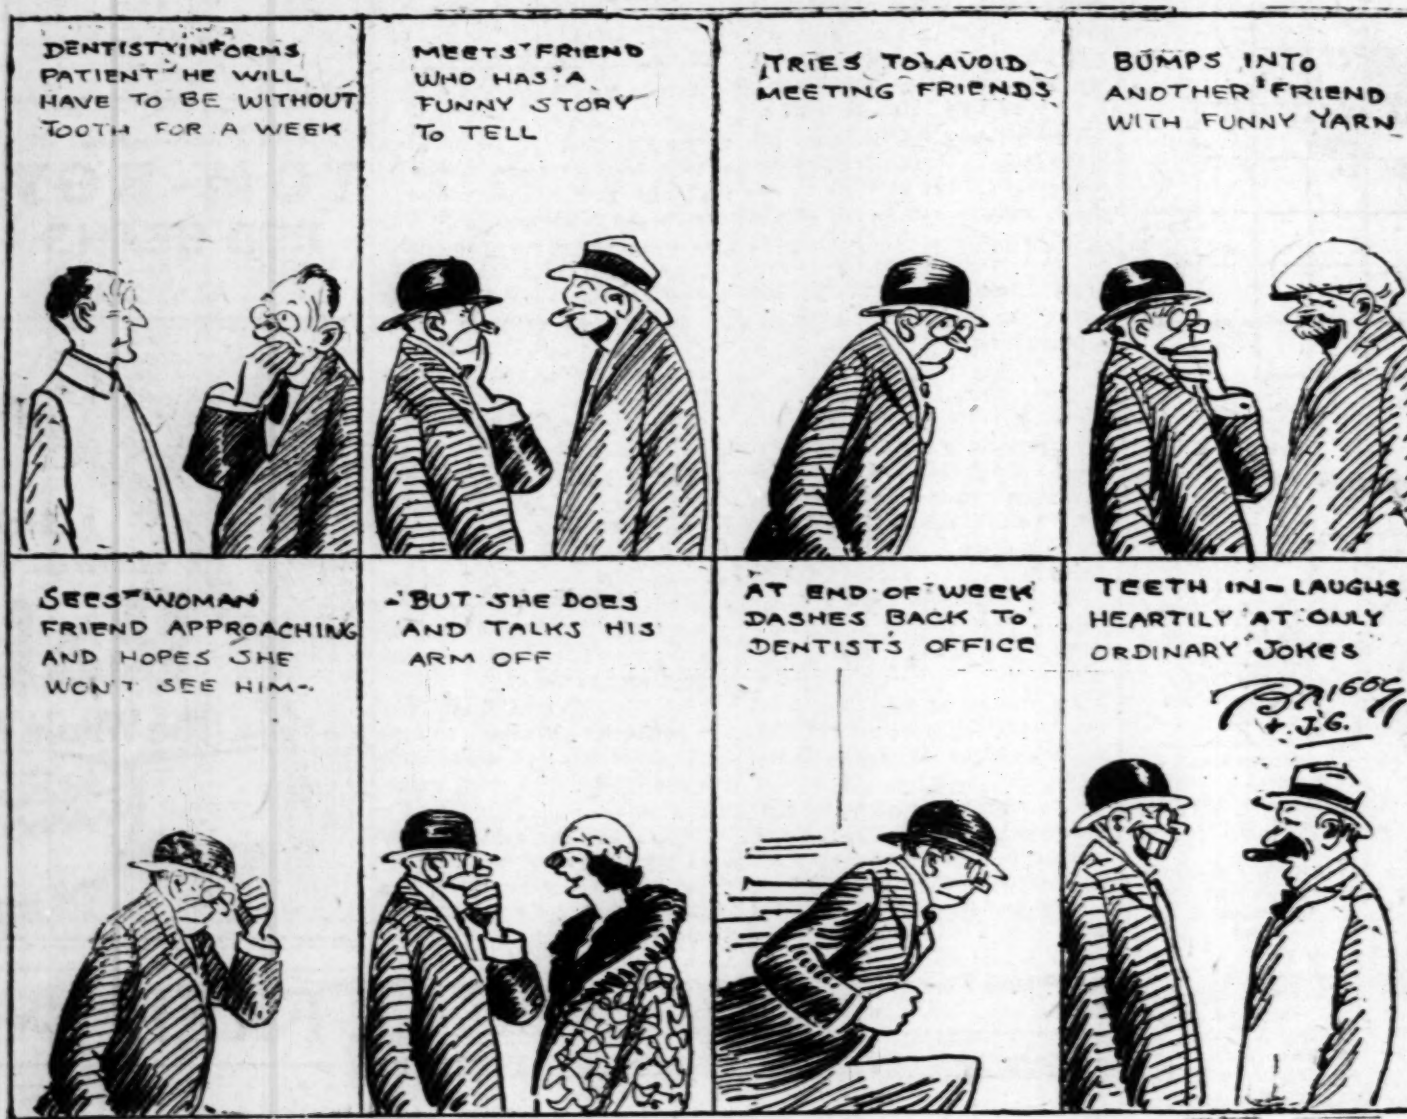

Kentucky is invoking the anti-gossip law and securing convictions. In other words people with wagging tongues are given opportunity to tell it to the Judge.

QUITE SO.
Chairs and tables in the fashionable cafes of London are an inch or more shorter, due to the change in women's dress style. It is cheaper to saw off the legs of the tables and chairs than the legs of the women.

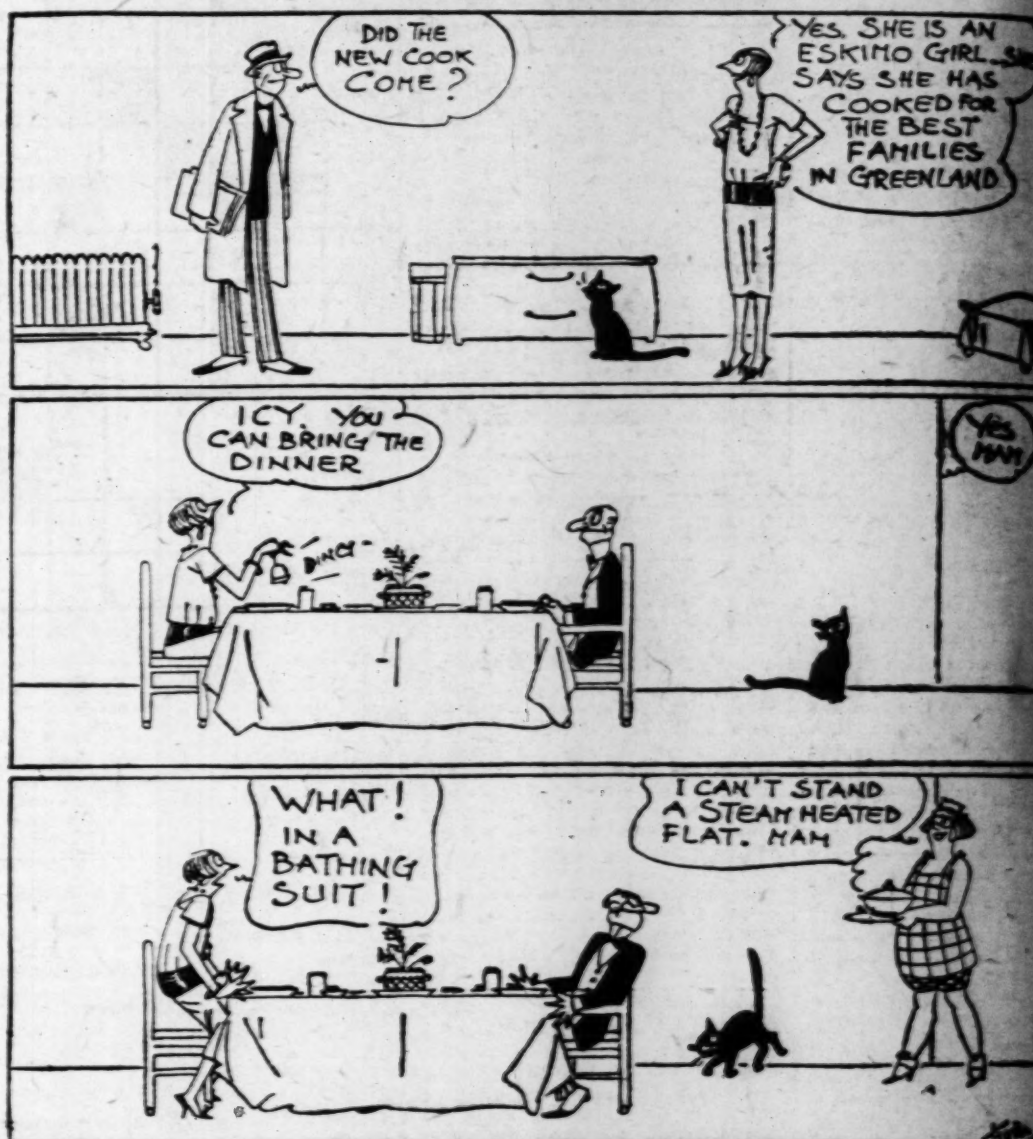

It is claimed that St. Louis ranks thirty-fifth in salaries paid city

**ST. LOUIS-CHICAGO
AIR MAIL SERVICE
JULY 1 PROBABLE**

**Establishment of Route Is
Up to Budget Director
and House Committee,
Officials Say.**

**DECISION LIKELY
IN THREE WEEKS**

**If Project Is Approved,
Contract Probably Will
Be Made With Robertson
Aircraft Corporation.**

Post-Dispatch Bureau, 20-23 Wyatt Building.
WASHINGTON, Feb. 12.—With-
in three weeks St. Louis will know
whether or not it will be connected
at Chicago with the transconti-
nental air mail route. Col. Paul
Henderson, Second Assistant Post-
master-General, who has charge of
postal transportation, believes the
chances good for the inauguration
of St. Louis-Chicago service July 1.
Establishment of the service now
depends upon the action of Engr-
adier-General H. M. Lord, Director
of the Federal Budget, and the
House Appropriations Committee.
Henderson has asked Lord to in-
clude in the next deficiency bill an
appropriation of \$1,000,000 to be
used as a revolving fund for mail
service by private contract.
If the Budget Director and Con-
gress approve this appropriation,
Henderson said today he would
contract as soon as possible, prob-
ably with the Robertson Aircraft
Corporation of St. Louis for air
mail service between St. Louis and
Chicago. For the money to be avail-
able this year, the appropriation
would have to be authorized by the
present Congress, which expires
March 4.

Another route from Salt Lake
City to Los Angeles would be es-
tablished if funds become avail-
able.
Impressed With St. Louisian's Plan.
Maj. Robertson was in Wash-
ington last week to confer with Hen-
derson on the St. Louis-Chicago
route. Henderson was impressed
with Robertson's plan and the ex-
tent of his interests. "If the ap-
propriation is approved," Hen-
derson said today, "we would begin
at once to make regulations gov-
erning the private service. Through-
out our contract we would have more
than a nominal supervision over
the service, although we would
look upon airplanes as a com-
mon carrier like a railroad. The
Postoffice Department, we would
make mail messenger contracts
which can be revoked upon the
expiry of either party on 45 days'
notice. It would be unwise to hold
a contractor for a year or any defi-
nite period on such an experiment
as this."

Daily Service Proposed.
Henderson said that he had no
idea how much air mail would be
transported between the two cities.
"I have tried lately to calculate
from our own statistics how much
business might be expected and I
had to give up. There's only one
way to find out and that's to try
it," he said.

Although the Kelley bill, which
authorizes the transportation of
air mail by private contract, pro-
vides that first-class mail can also
be carried by the contractor, Hen-
derson said that at first the con-
tract would cover only the trans-
portation of air mail. Under this
arrangement, the contractor would
get 3 cents for every 16-cent stamp
on an air mail letter.

The proposition Robertson laid
before Henderson was for daily
service between the two cities.
The plane would leave St. Louis
at 8 p. m. and catch the 3:30 p.
m. eastbound transcontinental fly-
ing at Chicago. Mail posted in an
air mail box in the afternoon
would be delivered in New York
the next morning. A similar ar-
rangement would be made for
westbound mail reaching St. Louis.
During the winter months the
route would be lighted.

Private Contract Preferred.
Robertson told Henderson that
he was prepared to meet the cost
which Henderson estimated at
\$29,000. The Robertson planes
would be allowed to use the postal
landing field in Chicago. Hender-
son declared that it was far better
to establish the service under pri-
vate contract than for the Govern-
ment to inaugurate a shuttle plane
service between the two cities.
"When a private concern oper-
ates the service it can go out and
do business, something the Govern-
ment can't do," he explained.
Robertson looks to me like the
type who would stimulate trade
considerably and make the line a
success."
Henderson said he had heard
nothing more of the proposed St.
Louis-Pittsburg service.
